

What is Parent and Family Engagement?

The participation of parents and families in **regular, two-way** and **meaningful communication** involving **student academic learning** and other school activities ensuring that:

- *Parents and families play an integral role in assisting their child's learning;*
- *Parents and families are encouraged to be actively involved in their child's education;*
- *Parents and families are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child; and*
- *Other activities, such as those described in section 1116 of ESSA, are implemented.*

Purpose

In support of strengthening student academic achievement, the Cherokee County School District (CCSD) receives Title I, Part A funds and, therefore, must jointly develop with, agree on with, and distribute to parents of participating children a written Parent and Family Engagement Plan that contains information required by Section 1116(a)(2) of the Every Student Succeeds Act (ESSA). This plan establishes the District's expectations and objectives for meaningful family engagement and guides the strategies and resources that strengthen school and family partnerships in the District's Title I schools. Additionally, this plan describes CCSD's commitment to engage families, including neglected & delinquent facilities, in the education of their children and to build the capacity in its Title I schools to implement family engagement strategies and activities designed to achieve District and student academic achievement goals.

Title I, Part A provides for substantive family engagement at every level of the program, such as in the development and implementation of the District and school plan, and in carrying out the District and school improvement provisions. CCSD and its Title I schools will ensure that the required school-level Parent and Family Engagement Plan meets the requirements of Section 1116(b) and each include, as a component, a teacher-parent-student compact consistent with Section 1116(d) of the ESSA.

Parent and Family Engagement Plan Evaluation

Each year, the Cherokee County School District (CCSD) will conduct an evaluation of the content and effectiveness of this Parent and Family Engagement Plan and the family engagement activities to improve the academic quality of the Title I schools through an annual parent survey and the Title I Revision Meetings. In the spring, each Title I school will provide access to a survey and email a link to the survey for parents to provide valuable feedback regarding the parent and family engagement activities and programs. These surveys will also be posted on the school websites for families to complete. In addition to the annual survey, each Title I school will also use the Title I Revision Meeting to garner input from stakeholders regarding Title I services to design evidence-based strategies for more effective family engagement. CCSD will use the stakeholder input from the Revision Meetings and the survey results to design strategies to improve effective family engagement, to remove possible barriers to parent and family participation and to revise its Parent and Family Engagement Plan.

Cherokee County School District (CCSD) will take the following actions to involve parents and families in the joint development of its District Parent and Family Engagement Plan as required by ESSA:

The District will provide clear guidance and communication to assist each Title I school in developing an adequate family engagement budget that addresses their needs assessment and parent recommendations.
