

**SY2020-21 Title I Parent Survey Results
RM Moore Elementary STEM Academy**

Strengths:

Statement	Percent Usually/Yes
My child's school provides information about ways I can engage in the education of my child and the ways I can help my child's learning at home.	94%
I have open lines of communication with my child's teacher(s).	93%

Areas of Growth:

Statement	Percent
I am confident in my ability to support my child's learning at home.	Sometimes/No 36%
I find the Title I workshops and meetings, such as Curriculum Night, POW WOW (Student- Led Conferences), Title I Annual Meetings, Canvas Trainings to be beneficial.	Sometimes/Never 30%

Next Steps:

<p>To address the areas of growth, the school has developed the following action plan:</p> <ol style="list-style-type: none"> 1. We will continue frequent advertising of the Family Engagement Resource Center (Room 403) as well as asking for parent input as to materials that would be helpful to purchase for the center. We will create commercials to send home to parents to further continue advertising. 2. We will use our performance pow wows as an opportunity to send home manipulatives with students and parents as well as instruct parents on how to use the manipulatives to assist their child's learning. Since our feedback forms for the most recent Pow Wows are positive, we feel the 30% is reflective of a lack of participation. Therefore, we will work with our Academic Facilitator, ILS, teachers, and/or students to create a video commercial to post before each training to encourage parent participation.
--

*Title I schools-parent input regarding 1 % set-aside
for parent and family engagement*

Our school is required to set aside a percentage of Title I money we receive for parent and family engagement activities to actively engage parents in the academic achievement of their children. In the past, money has been spent to provide the school with a Parent Involvement Facilitator. How would you like to see the parent and family engagement funds used?	
	Percent
Emily Ingram and Nora Vizuite, Parent Engagement Facilitator	57%
Childcare for parent and family engagement activities/workshops held at the school	21%
Educational materials for parent use	25%
Technology resources for parent use	17%
Parent resource center	20%
None of the above	14%

Next Steps:

Based on data from the 1% Parent Engagement Funds, are additional actions steps required?
1. Continue to provide 1.5 PEFs. The PEFs will continue to work on engagement outreach to families and the community.
2. Work with parents to ensure that the educational materials that are being ordered for our resource room are beneficial to families. Continue to advertise the parent resource room.
