| I-2                |

| Title   |
|---|
| SY2017-18 Attendance Area Map Correction  |
| Requested Action  |
| Board Consideration of Superintendent's Recommendation for Approval of SY2017-18 Attendance Area Map Correction   |
| Summary Explanation and Background  |
| <p>For SY2016-17, there are no current critically overcrowded schools. Also, for SY2017-18, there is no school facility being opened (which might cause a need to shift Attendance Areas). As such, there were no Attendance Area Focus Group meetings conducted by CCSD staff.</p> <p>For the SY2017-18 Attendance Areas, the School Board and Superintendent provided a public input session although no Attendance Area Focus Group meetings were necessary. Subsequently, a Scrivener's map correction is recommended to modify the Attendance Area between Ball Ground ES and Free Home ES to accommodate future students who may live in a new, large residential development currently in the planning stages. This development is approved for 1,800 single family residential units and is currently zoned to attend Free Home ES. Free Home ES is currently operating at 126% of the building's capacity and does not have the additional capacity to contain the projected impact from this development. This recommendation, which has also been requested by the residential developer, would shift the proposed development's student population into the Ball Ground ES Attendance Area, and can be accomplished without affecting any currently enrolled CCSD students.</p> |
| Major System Priority   |
| Increasing Accountability; Addressing Student Population Growth   |
| Financial Impact  |
| N/A   |
