Robo-tek

In Terrific Scientific's Robotek program, students will be able to build robotic models featuring working motors and sensors; program their models; and explore a series of cross-curricular, theme-based activities while developing their skills in science, technology, engineering, and mathematics as well as language, literacy, and social studies. Students will be grouped based on grade level and experience. We have multiple levels of projects including, Snap Circuitry, drone teck, LEGO WeDo and working through WeDo 2.0, NXT and EV3. Students progress through the levels each time they return to the program.

Day: Thursday Time: 3p-4p Classroom: STEM Room Grades: 2-5

Fall Semester
Aug 26 - Nov 18
\$295

I have read and understand the information provided in this flyer. I waive any right to claim against Terrific Scientific owners, staff and teachers in the event of an accident, injury or loss of personal items. I understand I am committing to my child's participation in Terrific Scientific and reserving a place in class for the designated session above, tuition refunds are only available when providing Terrific Scientific with 2 weeks advanced notice of the class the party wishes to cancel (discounts and supply fees will be removed and free items will be charged based on the current selling price). I understand there will be a \$25 fee for any returned checks. I understand it is my responsibility to pick up my child from the designated area at the designated end time unless other arrangements have been made. I authorize the release of my child's artwork and photo for display purposes by Terrific Scientific, my child's school and/or School District.
