

DO YOU WANT TO PURCHASE AN AFFORDABLE HOME?

Habitat for Humanity-NCG is a non-profit housing ministry building affordable homes for qualified

applicants. This homeownership program is unique; it offers a low down payment, an affordable mortgage (approximately \$800 per month), and the use of volunteer labor to build homes. Approved applicants are required to volunteer in the construction of their home and participate in education classes to help them become successful homeowners.

To learn more about the program, please visit www.habitat-ncg.org/housinghelp/homebuyer

If you believe you qualify, you will find the instructions on requesting a phone interview on the website.

The phone interview is the first step in our application process.
