Due: by Thursday, November 12th

NO LATE APPLICATIONS will be accepted!!

Students and Parents,

You have chosen to fill out an application to apply for the 2021-2022 Hickory Flat Science Olympiad team. We are excited to begin a new competition season. There will be one team of 20 students selected to represent HFES. Unfortunately, not all students who apply will be accepted, and spaces are limited due to competition requirements. Applications will be reviewed by the Science Olympiad committee, and you will be notified if your application is accepted.

Science Olympiad practice will take place on **Monday afternoons from 2:45-4:00 beginning Jan. 10th-March 13th**. Please note that the competition date is **Saturday, March 19th, 2022 from 8 am - 1:30 pm at River Ridge High School**. Please note that this is a large commitment, and you are expected to be present at all practices if selected. If you are interested in your application being reviewed, please fill out the form and answer all questions. When you are done, please give to your science teacher to fill out the bottom section of the forms on the second page **NO LATER than November 12th**. **Science teachers, please answer the questions on the bottom section of page 2 and return to Mrs. Medley in 4th grade NO LATER than November 12th**. Thank you for your help!

***We need your help! No experience required!!!! Which 1-2 events would you be willing to help with each week? See back for specific events.**

1. _____ 2. _____ 3. _____ I'm flexible. Any event is fine!

Students, please answer the following questions.

Why would you be a good member of the Science Olympiad team?

What other activities are you involved in?

You will be expected to study outside of our weekly practice each week to prepare for your events. You must be able to work well with others and work independently at times. We will have A LOT of fun, but know that this is an Academic Club for those who love science and learning!

Please look over the events below and list 4 events you find interesting. The Science Olympiad coaches will make the final decision for events. You will be working on 1-2 events with one other team member. Many events involve research/studying/memorizing and a few involve building. For a description of many of the events, please visit <https://www.georgiascienceteacher.org/GAESO/>

*Think about what subjects you are currently studying in Science or have already learned...you can be the expert!
We need your knowledge!
