

The Cherokee County Board of Education encourages employees to write and prepare professional materials for publication in their area of expertise. Employees who prepare material on their own time without use of school facilities, equipment or resources are not required to submit such material for review prior to publication; however, employees are expected to use sound professional judgement when publishing any materials, and such activities must not interfere with the employee's job assignments with the School District.

An employee who desires to write and prepare, copyright or patent, or market materials prepared on work time, must, in advance of such activities, submit a request to the Office of Curriculum and Instruction.

ADOPTED: August 2, 2001

REVISED: July 19, 2018
