Updates from families regarding response to instruction during school closure:

Positive:

Impressed with how quickly the district has adapted.

Workload where it should be (assignments not too difficult or extensive).

Teacher responsiveness and instructional support were noted.

Negative:

Logging on, issues with submissions (technology glitches) in some instances.

From the community:

Impressed by the availability of technology (getting laptops for students, etc.).

Additional Information:

The new end date is motivating for students.

The question was brought up if students will return to school in August. Information was not available.
