Dear Cherokee County Parents and Students,

Welcome to the Cherokee County School District! I hope that all of you have enjoyed a wonderful summer and are ready for another terrific school year.

The 2019-20 school year is full of promise and excitement. The School District continues to reflect many positive changes. This handbook contains information designed to be helpful to you as students and parents, and to insure the success of our students and that of our School District. Optimal academic performance is dependent upon the foundation of good order and discipline, and character development is fostered as high standards are expected and maintained.

Modifications have been made to reflect organizational changes and newly legislated statutory provisions. In addition, language has been modified to ensure that rules are clear, unambiguous and consistently applied throughout the School District.

We look forward to another great year in the Cherokee County School District!

Sincerely,

Dr. Brian V. Hightower
Superintendent of Schools
Dear Cherokee County Families,

On behalf of the Cherokee County Council (CCC) PTA, welcome to the 2019-2020 school year!

If you happen to be new to Cherokee County Schools, you are in for a wonderful surprise. You will soon discover that our District is unmatched in leadership and excellence in every area – from the School Board and Superintendent to the staff members serving our children in the lunchroom, on the school bus, and in the classroom. CCC PTA applauds the accomplishments of our School District, their nationally recognized excellence in education, and their tireless commitment to our children and community.

The PTA, both nationally and locally, is committed to bringing homes and schools together. This connection between families and schools cultivates even greater engagement and academic achievement for all children. PTA’s mission is to make every child’s potential a reality by engaging and empowering families and communities to advocate for all children. PTA promotes the welfare of children throughout the community and beyond, works to secure laws for the care and protection of our children, and seeks to develop united efforts between educators and the public so that children may receive every educational advantage.

We are thankful to have many active PTA/PTSA units throughout Cherokee County, working together within their schools and communities to support the District as they continue to provide growth opportunities for every student. Our PTAs are doing amazing things! None of this wonderful work could happen, however, without families and community members like you joining the team and stepping in to help. In PTA, there is a place for everyone... no experience required! We hope that you will join your school’s PTA this year and find out where you fit within the PTA family. Whether it is reading a book in a classroom, sending in donations, or chairing a committee, you will find that there are not many things more rewarding than investing in the phenomenal children, teachers, and staff in our community. We look forward to serving alongside you in the weeks and months ahead and have great expectation that this will be another record-setting year in CCSD!

To learn more about PTA, we encourage you to visit www.georgiapta.org and www.pta.org. For information on Cherokee County Council PTA and our local units, please visit us at www.cccpta.com.

Warm regards,

Olga Spivey

A parent/legal guardian or visitor, who possesses, carries or has within their control any weapon or explosive compound may be in violation of Georgia law and upon investigation may face criminal prosecution.

SAFE SCHOOLS ALERT/"SEE SOMETHING, SAY SOMETHING"
Expressed or limited threats of violence will be treated seriously. Students should always report any potential threats regarding the safety or welfare of students and/or staff to a school administrator or staff member.

Students should also notify an administrator or staff member when illegal, suspicious, dangerous or banned items are found in the school building, on the school campus, or on the school bus.

CCSD utilizes the SafeSchools Alert System to allow stakeholders to report concerns. Through SafeSchools Alert, safety concerns can be submitted to CCSD four different ways:

By Phone: 1-855-4ALERT1, ext. 1695
By Text: Text #1695 + your tip to ALERT1 or 253781
By Email: 1695@alert1.us
By Online Message: http://1695.alert1.us

PARENT NOTIFICATIONS IN TIMES OF EMERGENCY
CCSD endeavors to notify parents in a timely manner relative to any schoolwide or districtwide emergencies or campus safety concerns. While letters may be sent home to parents impacted by the occurrence, when circumstances require a more immediate notification, this information, as it becomes available, will be posted on the CCSD website (www.cherokeek12.net), Facebook page (www.facebook.com/CherokeeGASchools) and Twitter feed (@CherokeeSchools); emailed and texted to parents using contact information from Aspen.

Parents are encouraged to verify the accuracy of their contact information in the Back to School Gateway at the beginning of each school year. The email addresses and cell phone numbers in this system are used by CCSD to send emergency and non-emergency notifications by email and text. In addition to verifying your cell phone number is accurate in the system, you also need to subscribe to the text message service: please text the word SUBSCRIBE to the number 68453 in order to do so. You should receive an immediate response by text; if you do not, please contact your wireless provider, as some providers do not accept texts that use short code (SMS) messages. Additionally, some CCSD schools and individual teachers use a school-based Remind text system to send emergency and non-emergency notices; please contact your child’s school and/or teacher for more information.

INCLEMENT WEATHER INFORMATION
If severe weather (such as sleet, snow, tornado, etc.) is approaching our area, and it becomes necessary to cancel school/dismiss early, the announcement will be posted on the CCSD website (www.cherokeek12.net). Facebook page (www.facebook.com/CherokeeGASchools) and Twitter feed (@CherokeeSchools); and emailed and texted to parents using contact information from Aspen (see subscription information above in the Parent Notifications in Times of Emergency section). Local and Metropolitan Atlanta media, including major network TV stations (ABC, CBS, FOX and NBC) also are notified.
RULES FOR BUS TRANSPORTATION AND STUDENT DRIVERS DURING SEVERE WEATHER:

- **TORNADO WATCH:** Principal will make decision on when to release students.
- **TORNADO WARNING:** Principal will not release buses and student drivers until the warning is lifted or the Superintendent or his designee gives permission.
- **THUNDERSTORMS:** Principal will make decision on when to release students.

SCHOOL WIDE DRILLS
CCSD conducts practice safety drills in accordance with recommendations from state safety agencies so that, in the event of an emergency, students and staff are prepared according to local school plans.

**CODE RED:** A situation is occurring on school grounds or inside a school or CCSD facility that potentially endangers the health, welfare and safety of students, staff and others. All exterior and interior doors are locked, and students will shelter in place.

**CODE ORANGE:** A situation could occur on or near school grounds or inside a school that has the potential to cause a major disruption to the daily operations of the school. All exterior and interior doors will be locked, and students will remain in classrooms, but normal classroom activities can continue.

**CODE YELLOW:** A situation that presents no immediate danger to students, staff or others, but is in the immediate vicinity of a school, as advised by law enforcement or the Office of School Operations. All outside activities will be discontinued and students and staff will return to the building. Exterior doors are locked. Normal operations continue inside the school; student check-out is allowed.

SCHOOL WEBSITES
Each school within CCSD has an individual school website. Valuable information about academic progress, school news, contact information, upcoming school events, and a variety of timely, useful information can be accessed at each of these sites. These websites can be accessed through CCSD’s website at www.cherokeek12.net.

COMMUNITY BULLETIN BOARD
Information on camps, classes, youth sports, events and other items of community interest sponsored by outside organizations can be found on the Community Bulletin Board on CCSD’s website at www.cherokeek12.net. Printed materials sent home with students are restricted to communication from the schools, CCSD and school-allied organizations such as the PTA.

VISITOR/SCHOOL GUEST SIGN-IN PROCEDURES
Georgia law requires that visitors, with the exception of students, CCSD employees, law enforcement officers or other public safety officials in the performance of an emergency call, sign-in at the designated location of any school building between the official starting and dismissal times and to provide a reason for their presence at the school. All visitors are required to wear proper identification and remain in the areas designated for the visit.

The school administrator or designee shall have the authority to ask any visitor to explain their presence in the school at any time when the school is in official session. Any person who does not have legitimate need or cause to be on the premises or on school property, fails to explain their presence upon request, and/or who fails to sign-in at the designated location will be removed from school property and may be in violation of Georgia law and upon investigation may face criminal prosecution.

GUIDELINES FOR PARENTS VISITING SCHOOLS DURING LUNCH TIME/LUNCH DELIVERY
While the participation of parents at school is encouraged, it may become necessary, from time to time, for individual Principals to limit the access of parents visiting with their child during lunch due to the time and space constraints. Food purchased from outside “fast food” restaurants including food deliveries (Door Dash, Grub Hub, etc.), and remaining in original packaging (i.e., bags and wrappers), are not permitted in the school cafeteria.

GUIDELINES FOR CLASSROOM OBSERVATIONS BY PARENTS
On those occasional instances where parental observation in the classroom is deemed appropriate, the following guidelines will be strictly adhered to in order that the visit not interfere with the instructional process, nor violate privacy rights of other students in the classroom.

- Observer must be a parent or a legal guardian of the child in the class to be observed. A request for observation shall be approved in advance by the Principal.
- Scheduling shall take place at least twenty-four hours prior to the visit and must be done with the consent of both Principal and teacher. The Principal or designee will notify the parent.
- Maximum observation time shall be one period or 45 minutes, whichever is more appropriate to the school’s schedule.
- Observations will be limited to one per semester per child.
- Under no circumstances is there to be any interaction between the observer and anyone in the classroom.
- Use of cell phones or electronic devices to record audio, video, or still photography in the classroom is strictly prohibited.
- Exception to this policy must be granted by the Superintendent of Schools or a designee in response to the specific request.

Note: Parental requests submitted to Principals for observations to be conducted as part of private evaluations (IEEs) must be forwarded to the Special Education Department.
PRIVACY ISSUES, CAMERA PHONES/CAMERAS/RECORDERS AND OTHER ELECTRONIC DEVICES
The use of cellphone cameras and recorders of any type is limited to classwork or projects authorized by the instructor. Recording devices are not to be used to record individuals without their expressed consent and permission.

Additionally, CCSD will not be responsible for electronic devices owned by, and brought to school by, students (cell phones, tablets, etc.). Such items should be brought to school only for use in the CCSD-approved BYLD initiative.

NOTICE TO STUDENTS, PARENTS AND STAFF REGARDING THE USE OF CAMERA SURVEILLANCE ON SCHOOL PROPERTY
For the safety of our students, staff and visitors, CCSD employs camera surveillance equipment for security purposes. This equipment may or may not be monitored at any time. Surveillance cameras will be utilized only in public areas where there is no "reasonable expectation of privacy." Public areas may include school buses, building entrances, hallways, parking lots, front offices where students, employees and parents come and go; gymnasiums during public activities, cafeterias, and supply rooms. However, it is not possible for surveillance cameras to cover all public areas of CCSD buildings or all CCSD activities. CCSD surveillance cameras will not be installed in "private" areas such as restrooms, locker rooms, changing areas, or private offices (unless consent is given by the office occupant.)

CLASSROOM CAMERAS
The Cherokee County Board of Education has approved the use of cameras within some of your student’s classrooms to enhance the safety and security of students and CCSD employees. In addition, the video recordings captured by the cameras may also be utilized by CCSD employees to enhance instruction. The recordings used to enhance instruction may contain the image(s) and voice(s) of students within a classroom equipped with cameras, as such the recordings are educational records pursuant to Family Educational Rights and Privacy Act (FERPA). Refer to Board Policy ECAF on the CCSD website for more information.

ALCOHOL/DRUG ABUSE
CCSD does not allow student possession, or use of unlawful drugs, nor the use or possession of alcohol.

STUDENT DATA PRIVACY

The Student Data Privacy, Accessibility, and Transparency Act is a Georgia State law that is designed to ensure student electronic data is kept private and secure from unauthorized access. Any parent or eligible student (“Complainant”) may file a complaint with CCSD if that individual believes and alleges that a possible violation of rights under the federal or state privacy and security laws has occurred as a result of the action or inaction of any CCSD employee. The complaint form is available as Appendix M in the Discipline Code Handbook. The complaint must be submitted in writing to the School District’s Chief Information Officer as soon as possible upon suspecting a data privacy violation. The Chief Information Officer or his/her designee will investigate your complaint and endeavor to provide a response within 15 school days. STUDENT ENROLLMENT AGE REQUIREMENTS

- Students who are six years of age on or before September 1 are eligible for entrance to first grade.

ABSENCES AND EXCUSES

A student shall not be absent from school or from any class or during other required school hours except for illness or other providential cause, unless with written permission of the teacher, Principal, or other duly authorized school official. No student shall encourage, urge or counsel other students to violate this policy.

Excused Absences:

As permitted under state law and State Board of Education policies, students may be excused lawfully for the following reasons: personal illness, serious illness or death in the family, special and recognized religious holidays observed by one’s faith, absence as mandated by order of governmental agencies, conditions rendering school attendance impossible or hazardous to one’s health or safety, and registering to vote or voting, (for a period not to exceed one day). Additionally, any student whose parent or guardian is in the U.S. Armed Forces/National Guard, and said parent or guardian has been called to duty for, or is on leave from, an overseas deployment to a combat zone or combat support posting, shall be granted up to five excused absences per school year, for the day(s) missed from school to visit with the parent or legal guardian prior to such deployment or during such leave. Finally, high school Principals are authorized to excuse absences by students who are visiting prospective college campus as visiting juniors or graduating seniors (limit two days).

Requirements/Time Limits for Student Excuses:

Excuses for student absences will be furnished to the school in writing on the day the student returns to school, and will be evaluated by the Principal or a designee to determine if the absence is excused or unexcused. Excuses should contain the student’s name, reason for absence, date(s) of the absence, and the parent’s/guardian’s signature.

For purposes of accurate record-keeping and student accountability, excuses for all absences must be received and validated within five school days of the student’s return to school—excuses received after that time limit will not be considered unless the Principal deems extenuating circumstances exist.

Truancy:

Students with seven unexcused absences will be referred to the school social worker. Parents of students with excessive absences may be required by the school administrator to provide physician’s notes for absences to be considered excused.

Any student 16, or older, who is absent unlawfully either 10 consecutive days or 40 total days may be dropped from the attendance records. The Principal has the discretion of re-enrolling in the present grading period any student 16, or older, who has failed to attend for unlawful reasons.

Hospital/Homebound Services:

If major sickness or injury occurs and absenteeism is lengthy, the student may receive credit by instruction through application to the hospital/homebound program. Parents/guardians of students needing these services must contact the Principal.

Attendance Credits:

Students shall be counted “present at school” when in attendance at school for at least one half of the instructional day, attending a school or CCSD-sponsored field trip, or serving as pages of the Georgia General Assembly (at the high school level, attendance is assessed period-by-period, but students would still be credited with being present as it relates to field trips and service as pages).
Foster Care Student Attendance:
A student who is in a foster home or otherwise in the foster care system under the Division of Family and Children Services of the Department of Human Services who attends court proceedings relating to the student’s foster care, shall be credited as present by the school and shall not be counted as an absence, either excused or unexcused, for any day, portion of a day, or days missed from school.

TARDIES AND/OR EARLY CHECK-OUTS AS PART OF STUDENT ATTENDANCE PROCEDURES
Any unexcused tardy (arriving to school/class beyond the posted school start-time) or early check-out (leaving school/class before the posted school end-time) can negatively impact a student’s attendance record and jeopardize his/her overall achievement due to lost instructional time.

Due to the impact of absences, tardies and early check-outs, our schools have developed interventions that would reduce the amount of lost instructional time due to unexcused reasons. Parents and students should know that excuses for school tardies and/or early check-outs are governed by the same State established rules regarding school absences. These rules are listed in the previous section dealing with "Absences and Excuses."

ATTENDANCE POLICY (HIGH SCHOOL ONLY)
Any student having seven or more excused, approved or unexcused absences in a semester will receive no credit for that class unless a waiver is granted by the Attendance Committee. However, students shall not be denied credit for a course if they have seven or more excused absences in a semester when the following conditions are met: (1) the absences are validated as excused, (2) make up work is satisfactorily completed, and (3) a passing grade has been earned for course work during the semester. Eligibility for credit will be restored if recommended by the Attendance Committee. The Principal has the final decision on this matter. School Principals may develop plans for students to earn back attendance credit for days missed.

The Attendance Committee is a standing committee composed of five (5) members appointed by the Principal and chaired by an administrator. The chair shall vote only in case of a tie. On the seventh absence, a waiver hearing will be scheduled by the school at the request of the student or parent/guardian.

For purposes of accurate record-keeping and student accountability, excuses for all absences must be received and validated within five school days of the student's return to school—excuses received after that time limit will not be considered unless the Principal deems extenuating circumstances exist.

EXTRACURRICULAR ATTENDANCE
Student attendance at extracurricular and non-instructional events is guided by the CCSD Student Code of Conduct. All persons attending these events are subject to the following Event Attendance/Code of Conduct:

STUDENT TRANSFER AND REASSIGNMENT (INCLUDES CCSD STEM AND FINE ARTS ACADEMIES)
Parents/guardians interested in school reassignment should review the current School Board Policy and Student Reassignment Guidelines. Refer to Board Policy JBCC on the CCSD website for more information.

The reassignment window for each coming year is for one month, February 1st through March 1st of the current school year.

Only Hardship Reassignments will be considered when the submission deadlines are not met (as provided above); and, then only considered in cases of special circumstances (i.e. late employee hires, removal of student by DFCS, etc.).

CLASSROOM ASSIGNMENTS FOR TWIN STUDENTS
Parents who have twin students (or higher order multiples) may request that the students be assigned to a classroom together if the students are in the same grade level, at the same school, and meet the eligibility requirements of the class. Additionally, all parental requests for these placements must be submitted to the school no later than five days prior to the beginning of the school year, or within five days of enrollment of the students if enrolled after the school year commences. Note: These requests are allowable under current GA Law unless current and/or past performance documentation proves the students should be separated; or, the aforementioned timelines are not met.

MEDICATION POLICY
When possible, we encourage you to schedule your child’s medication so that it may be given at home under your direct supervision. However, we realize that this is not always possible. The CCSD Medication Authorization Form available at your school and on the CCSD website, must be completed by the parent/guardian before a medication is given. A separate form is necessary for each medication request.

The school will not accept more than a one month supply of prescription or over-the-counter medication. Prescription medication must be in the original pharmacy container. The written instructions on the pharmacy label will be followed. Over-the-counter medications must be in the original sealed container. Dosage will not exceed instructions on label regardless of parent instructions. A secondary prescription bottle must be provided for students receiving medication during the After-School Program. Parents/students should deliver any medications to the proper school personnel immediately upon arrival at school. Please contact your child’s Principal or school nurse for guidelines specific to your school.

Forms are available at your school and on the CCSD website to provide for special situations such as injections, personal possession of inhalers, EpiPen’s, etc.

The disciplinary code prescribes severe consequences for use or possession of medications unless used in compliance with CCSD Procedures.

PUBLICATION OF DIRECTORY INFORMATION REGARDING YOUR STUDENT
The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that CCSD with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, CCSD may disclose appropriately designated “directory information” without written consent, unless you have advised the CCSD to the contrary, if a parent/guardian objects to his/her child being included in any or all of the below, he/she must annually notify the Principal in writing by September 1st, or within one week of admission/enrollment if enrollment occurs after September 1st.

The primary purpose of directory information is to allow CCSD to include information from your child’s education records in certain school publications and events. Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs;
- Recognition of achievement at School Board meetings;
- School District Social Media; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings, companies that publish yearbooks, military recruiters, college recruiters, law enforcement agencies, and the news media.
Directory information includes:

- Student’s name
- Address
- Telephone listing
- Electronic mail address
- Photograph
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honors, and awards received
- The most recent educational agency or institution attended
- Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user’s identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

- A student ID number or other unique personal identifier that is displayed on a student ID badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user’s identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

**NOTIFICATION OF RIGHTS: THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. **The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access.** Parents or eligible students should submit to the School Principal [or appropriate school official] written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. **The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate.** Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School Principal (or appropriate school official), clearly identify the part of the record they want changed and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. **The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.** One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA.** The name and address of the office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education

NOTICE OF PRIVACY PRACTICES: HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)
(A) THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.
CCSD is required by the privacy regulations issued under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") to maintain the privacy of Protected Health Information and to provide our students, parents, and employees with notice of our legal duties and privacy practices concerning Protected Health Information. EXTENDED OBSERVATIONS FOR SPECIAL EDUCATION ELIGIBILITY, RE-ELIGIBILITY OR PLACEMENT

Purpose:
CCSD welcomes the opportunity to work collaboratively with parents/guardians to meet the needs of its disabled students as envisioned by the IDEA while also protecting the confidentiality of all its students and preserving the learning environment of its classrooms. To meet both the needs of parents and the school, CCSD established the following administrative guidelines governing observations which extend beyond the scope of Board Policy KM.

Appropriate Observations that Extend Beyond the Scope of Policy KM:
A. CCSD recognizes that observations can be used as a tool for data collecting and educational planning that may also assist in determining eligibility for or provision of Special Education services. The School District may designate district-level staff and/or contract with outside service providers to conduct observations of a student in the classroom setting,
B. CCSD further recognizes that observations may be an important component of some evaluations. A parent/guardian may request that a private evaluator conduct a classroom observation of his/her child as part of an independent educational evaluation (I.E.E.) of the child whether at public or parent’s expense. The observation permitted is restricted to the parent’s child and shall not be for the purpose of critiquing the teacher’s performance or to observe other children.

C. A parent/guardian may request to observe the classroom that an IEP team has proposed as the placement for his/her child or as the potential placement if the student is found to be eligible for services after an initial evaluation has been completed.

**Administrative Guidelines for Parent Requested Extended Observations:**

The following administrative guidelines outline the responsibilities of the Principal (or designee) for classroom observations if/when conducted as part of parent-requested extended observation as described in paragraphs B and C above.

A. If contacted by the parent/guardian wanting additional considerations for observation, notify your school’s Special Education Facilitator and/or Special Education administrator.

B. If the request is for an observation by a private evaluator, the following requirements must be met:
   1. At least one (1) week in advance of the preferred observation date, the parent shall submit to the Principal a Private Evaluator Classroom Observation Request, which shall include the parent’s name, the name and title of the evaluator, purpose of the observation, preferred days and times, and contact information.
   2. The Principal shall provide the Parent/Guardian Release and Private Evaluator Confidentiality Agreement to the parent/guardian and inform that party that he/she should forward the signed release to the private evaluator conducting the observation. If the parent/guardian is unable to provide that form to the private evaluator prior to the observation, the Principal shall keep the Release signed by the parent on file for the evaluator’s signature upon his/her visit to the school.
   3. The private evaluator shall provide the signed, remaining portion of the Private Evaluator Confidentiality Agreement, to the school administration prior to the classroom visit.
   4. The original of the Parent/Guardian Release and Private Evaluator Confidentiality Agreement shall be retained in the student’s special education file at the school and a copy sent to the special education central records.

C. If the request is for an observation by the parent of a proposed classroom placement, the following requirements must be met:
   1. At least one (1) week in advance of the preferred observation date, the parent shall submit to the sending school’s special education facilitator a Parent Observation of Proposed Classroom Request, which shall include parent’s name, proposed school, preferred days and times, and contact information.
   2. The sending school’s special education facilitator shall forward the completed Parent Observation of Proposed Classroom Request to the proposed school’s special education facilitator for processing. The proposed school’s special education facilitator shall notify the Principal or designee of the request.
   3. The parent shall sign and provide the Parent Class Observation Confidentiality Agreement to the proposed school’s Principal or designee prior to observing in the classroom.
   4. The original of the Agreement shall be retained in the student’s special education file at the school and a copy sent to the special education central records.

D. The Principal or designee shall arrange the observation by the parent or private evaluator in compliance with these requirements:
   1. The Principal or designee shall schedule the observation to accommodate the classroom schedules, school personnel schedules, and the requests of the parent and/or private evaluator.
   2. The parent/guardian or the private evaluator may observe no more than 30 minutes in the classroom unless an extended time period has been granted in advance of the scheduled observation. Any extension is at the discretion of CCSD.
   3. The parent or private evaluator shall sign-in at the school office.
   4. The Principal or designee shall escort and remain with the parent or private evaluator in the classroom.
   5. The parent or private evaluator shall not address the teacher or support staff present, interact with students, or otherwise disrupt the teaching and learning environment.
   6. The Principal or designee will confer with the parent or private evaluator, if possible, at the end of the visit.

**NOTIFICATION OF RIGHTS OF STUDENTS AND PARENTS UNDER SECTION 504**

Section 504 of the Rehabilitation Act of 1973, commonly referred to as “Section 504,” is a nondiscrimination statute enacted by the United States Congress. The purpose of Section 504 is to prohibit discrimination and to assure that disabled students have educational opportunities and benefits equal to those provided to non-disabled students. (A student with a disability is a student with a physical or mental impairment that substantially limits a major life activity.) Eligibility for Section 504 is determined by the Section 504 eligibility team.
For more information regarding Section 504, or if you have questions or need additional assistance, please contact your local system's Section 504 Coordinator at the following address:

Section 504 Coordinator  
Cherokee County School District  
1205 Bluffs Parkway  
Canton, GA  30114

2. Your child has the right to free educational services except for those fees that are imposed on non-disabled students or their parents. Insurers and similar third parties who provide services not operated by or provided by the recipient are not relieved from an otherwise valid obligation to provide or pay for services provided to a disabled student. 34 CFR 104.33.
3. Your child has a right to participate in an educational setting (academic and nonacademic) with non-disabled students to the maximum extent appropriate to his or her needs. 34 CFR 104.34.
4. Your child has a right to facilities, services, and activities that are comparable to those provided for non-disabled students. 34 CFR 104.34.
5. Your child has a right to an evaluation prior to a Section 504 determination of eligibility. 34 CFR 104.35.
6. You have the right to not consent to the school system's request to evaluate your child. 34 CFR 104.35.
7. You have the right to ensure that evaluation procedures, which may include testing, conform to the requirements of 34 CFR 104.35.
8. You have the right to ensure that the school system will consider information from a variety of sources as appropriate, which may include aptitude and achievement tests, grades, teacher recommendations and observations, physical conditions, social or cultural background, medical records, and parental recommendations. 34 CFR 104.35.
9. You have the right to ensure that placement decisions are made by a group of persons, including persons knowledgeable about your child, the meaning of the evaluation data, the placement options, and the legal requirements for least restrictive environment and comparable facilities. 34 CFR 104.35.
10. If your child is eligible under Section 504, your child has a right to periodic reevaluations, including prior to any subsequent significant change of placement. 34 CFR 104.35.
11. You have the right to notice prior to any actions by the school system regarding the identification, evaluation, or placement of your child. 34 CFR 104.36.

13. You have the right to an impartial hearing with respect to the school system's actions regarding your child's identification, evaluation, or educational placement, with opportunity to parental participation in the hearing and representation by an attorney. 34 CFR 104.36.
14. You have the right to receive a copy of this notice and a copy of the school system's impartial hearing procedure upon request. 34 CFR 104.36.
15. If you disagree with the decision of the impartial hearing officer (school board members and other district employees are not considered impartial hearing officers), you have a right to a review of that decision according to the school system's impartial hearing procedure. 34 CFR 104.36.
16. You have the right to, at any time, file a complaint with the United States Department of Education's Office for Civil Rights.

SECTION 504 PROCEDURAL SAFEGUARDS

1. **Overview:**
   Any student or parent or guardian (“grievant”) may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to CCSD's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate CCSD's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.

2. **Hearing Request:**
   The Request for the Hearing must include the following:
   a. The name of the student;
   b. The address of the residence of the student;
   c. The name of the school the student is attending;
   d. The decision that is the subject of the hearing;
Within 10 business days from receiving the grievant’s Request for Hearing, the Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

3. **Mediation:**
CCSD may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and school system must agree to participate. The grievant may terminate the mediation at any time. If the mediation is terminated without an agreement, the school system will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

4. **Hearing Procedures:**
   a. The Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the grievant’s Request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.
   b. Upon a showing of good cause by the grievant or school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
   c. The grievant will have an opportunity to examine the child’s educational records prior to the hearing.
   d. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.
   e. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e., A recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C.F.R. §104.34.)
   f. One or more representatives of the school system, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.
   g. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
   h. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.
   i. The hearing shall be closed to the public.
   j. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
   k. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
   l. Testimony shall be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing shall be retained by the recipient.
   m. Unless otherwise required by law, the impartial review official shall uphold the action of school system unless the grievant can prove that a preponderance of the evidence supports his or her claim.
   n. Failure of the grievant to appear at a scheduled hearing unless prior notification of absence was provided and approved by the impartial review official, or just cause is shown, shall constitute a waiver of the right to a personal appearance before the impartial review official.

5. **Decision:**
The impartial review official shall issue a written determination within 20 calendar days of the date the hearing concluded. The determination of the impartial review official shall not include any monetary damages or the award of any attorney’s fees.
6. **Review:**

   If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action or claim available to them under the law or existing state or federal rules or regulations.

**NOTIFICATION OF RIGHTS: RIGHT TO REQUEST INFORMATION REGARDING TEACHER QUALIFICATIONS**

In compliance with the requirements of the Every Students Succeeds Act, parents may request the following information:

1. Whether the student’s teacher –
   a. Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
   b. Is teaching under emergency or other provisional status through which the State qualification or licensing criteria have been waived; and
   c. Is teaching in the field of discipline of the certification of the teacher.

2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

If you wish to request information concerning the qualifications of your child’s teacher(s), please contact the Principal of your child’s school or the Supervisor of Federal Programs at 770.704.4285.
Section V: Instructional Program Guidelines/Policies/Information

MAKE-UP WORK
It is the expectation of CCSD that all work missed due to any absence will be made-up. Some work by its very nature is impossible to make-up and may necessitate alternative assignments. The Principal or designee will be the final authority in determining alternative assignments.

The responsibility for arranging to complete work missed is to be assumed by the student and parent/guardian in conjunction with the teacher. Make-up work is to be completed at the time specified by the teacher/Principal. The time limit is not to exceed ten (10) school days. Exceptions will be decided by the parent/guardian, student, teacher and Principal, with the Principal having the final decision.

GRADERS 3-8 CONDUCT
SCHOOL ATTENDANCE CERTIFICATES
Annual attendance certificates are awarded for the following categories of attendance:

• Platinum Award for Perfect Attendance: For no absences, tardies, or early check-outs
• Gold Award for Perfect Attendance: For no absences and fewer than five tardies/early check-outs.
• Silver Award for Excellent Attendance: For three or fewer absences and fewer than five tardies or early check-outs.
• Award of Merit for Excellent Attendance: For three or fewer absences.

CUMULATIVE AVERAGE AND CLASS RANKING (HS Only)
Class ranking will be determined by the weighted cumulative average of graduating seniors at the completion of high school graduation requirements, as described in Board Policy IHC. Refer to Board Policy IHC on the CCSD website for more information.

The weighted cumulative average summarizes each student’s academic performance in high school. The weighted cumulative average is used in determining eligibility for numerous awards and activities and may be a factor in college admissions.

For the purpose of computing the weighted numeric grade average (NGA) for class rank, quality points will be awarded for advanced courses as follows:

Quality Points:

• Honors Courses: 5 points
• Advanced Placement (AP) Courses: 10 points
• Dual Enrollment Courses:
  1. 10 points, whenever the college course taken is equivalent to an AP high school course for which the student has not already taken and received quality points, as recommended and approved by the Chief Academic Officer.
  2. A waiver for consideration of quality points (5 or 10) may be submitted to the Office of Curriculum and Instruction for Dual Enrollment Courses taken by students which meet the following criteria:
     a. Demonstrates rigor;
     b. Serves as a replacement for an on-campus course receiving quality points; or,
     c. Exceeds the highest instructional level course available at the local high school.

Students who successfully complete a course(s) in a post-secondary institution through Dual Enrollment (as described in Board Policy IDCH) will receive the above quality points whenever the college course taken is equivalent to an Honors or Advanced Placement (AP) high school course as determined by the Principal or designee, and the Chief Academic Officer of Curriculum and Instruction.

Note: All quality points earned through the successful completion of an Honors Class, Advanced Placement Class, or a course in a post-secondary institution will be applied to a student’s transcript when the credit for the course is awarded. However, for HOPE Scholarship purposes, only AP courses and Dual Enrollment classes that have been verified by the Georgia Student Finance Commission are eligible for quality points. For more information regarding HOPE Scholarship, please refer to the Georgia Student Finance Commission website at https://gsfc.georgia.gov/hope.

CUMULATIVE AVERAGE AND HONOR GRADUATE STATUS: The distinction of Honor Graduate will be awarded to graduating seniors who have a weighted cumulative average (NGA) of 90 or above (or 89.5 or above rounded to the nearest whole unit).

Honor Roll Placement: For graduates in the 2020 graduating class, students will be placed on the Honor Roll when their weighted numeric grade average (NGA) is 90 or above (or 89.5 or above rounded to the nearest whole unit).

For graduates in the 2021 graduating class and beyond, high school students will be placed on the Honor Roll when their weighted NGA is 90 or above.

PROMOTION, PLACEMENT AND RETENTION
CCSD acknowledges that the awarding of grades and all decisions relative to promotion, placement and retention are serious responsibilities. Promotion, Placement and Retention Policy (IHE) outlines appropriate pupil progression and provides additional information based upon State Board of Education (SBOE) requirements. The policy, which is available on the CCSD website, defines promotion, placement and retention for all grade levels, K-12. Refer to Board Policy IHE on the CCSD website for more information.
Local Board policy states that promotion of a student in Grades 3, 5 or 8 to the next grade will be determined by the achievement level on the Georgia Milestone Assessment or alternative assessment instruments in the absence of Georgia Milestone Assessment in reading and/or mathematics and meeting local promotion standards and criteria.

EXTENDED DAY PROGRAM
The purpose of the Extended Day Program (ExP), which is available for all eligible K-12 students, is to provide students an opportunity to strengthen their academic skills based on an identified area of need. School based ExP programs may be scheduled during the day, before and/or after school. Credit is not awarded for attendance.

ADVANCED ACADEMIC PROGRAMS
CCSD students become eligible for gifted education program services based on the criteria provided in State Board of Education Rule 160-4-2-.38. A multiple-criteria assessment process is provided in the areas of mental ability (intelligence), achievement, motivation and creativity. The procedures for referral and assessment and the specific instruments used to determine eligibility are included in the CCSD Advanced Academic Programs/Gifted Education Administrative Manual on the CCSD website.

Students who score at the base level of the State Board of Education (SBOE) eligibility criteria on district-wide norm-referenced mental ability and achievement tests are automatically screened for possible further assessment to determine eligibility for gifted education services. Teachers, counselors, administrators, parents, guardians, peers, the student or other individuals with knowledge of the student's abilities may refer a student for consideration. Students who are eligible by state guidelines in another Georgia school district are automatically eligible for gifted education services upon transfer (with appropriate documentation) to a CCSD school. Any student eligible for gifted education services in a school system outside of Georgia must be referred, assessed and placed using Georgia SBOE guidelines.

Students eligible for gifted services are served through various models: cluster grouping, resource class model, and/or advanced content model. Identified gifted students who are served through cluster grouping receive services through differentiation in a heterogeneous classroom. Differentiated instruction, student assessment and flexible grouping allow highly motivated and/or high achieving non-gifted eligible students to participate in these advanced curriculum opportunities (when available).

Students who are served through the Resource Class Model, known as AIM Classes, receive services approximately 3 to 6 segments per week. The content and pacing is differentiated to the degree that the activities are clearly not appropriate for more typical students at that grade level. The resource class has an academic content foundation based on the Georgia Curriculum Standards with a focus on interdisciplinary enrichment activities incorporating all content areas. Students in Advanced Content Classes are served in the areas of Language Arts, Literature, Math, Science and Social Studies. High school students who meet gifted eligibility have Advanced Academic Program opportunities through the following identified classes/courses: Honors Classes, Advanced Placement (AP) Courses and Joint Enrollment Programs in the areas of Literature, Science, Social Studies, Math, Foreign Language and Fine Arts. The content, pacing, process skills emphasis and expectation of student outcomes in an advanced course differ from the course typical students at that grade level would take in the specific content area. Middle and high school students who are not identified as gifted-eligible but demonstrate exceptional ability, achievement, motivation or interest in a particular content area may be included in Advanced Content Classes, Honors Classes, AP Courses and Joint Enrollment Programs based upon school-level criteria and guidelines.

A student who is officially placed in the K-12 Gifted Education Program will continue to receive gifted programming services, provided the student meets the following continuation criteria: The student maintains satisfactory performance in the gifted education classrooms, indicated by a (non-weighted) grade of at least 70 [as defined in the Board-approved Pupil Progression Policy (IHE) and Local Administrative Procedures Manual]. Refer to Board Policy IHE on the CCSD website for more information.

In the event that the student does not meet the continuation criteria, steps will be taken to review the student's gifted services, determine a probationary period of at least one semester and provide an Academic Improvement Plan (AIP). The student, parent(s), gifted program teacher and other teacher(s) involved will be invited to attend a final review before services are withdrawn.

ENGLISH LEARNERS
CCSD students become eligible for language assistance based on the criteria provided in the State Board of Education Rule 160-4-5-.02. Prior to entry into a school in Georgia, each student's parent or guardian completes a Home Language Survey. All students whose native language, first language, or language spoken in the home includes a language other than English, is assessed for English language Proficiency using the state-adopted English Proficiency screening WIDA Screener. Students who score below proficient on the WIDA Screener are determined to be English Learners. All CCSD schools have an English Speaker of Other Languages Teacher to assist eligible students through a state approved delivery model.

SECTION 504
Students may be eligible for a Section 504 Plan if they have a physical or mental impairment that substantially limits one or more major life activities; a record (or history) of such an impairment; or are being regarded as having a disability. A Section 504 Plan provides protections from disability discrimination for identified students. Parents may request an evaluation to determine their child's eligibility via their school Section 504 Chair or School Psychologist. Upon determination of eligibility, a Team, including the parent, will develop a Section 504 Plan to address the needs of the child.
SPECIAL EDUCATION

CCSD provides an appropriate education in the least restrictive environment for all students found eligible for special education services under the Individuals with Disabilities Education Act (IDEA). Eligible students are provided the specialized instruction, accommodations and/or supports identified in their Individual Education Program (IEP) as determined by the student’s IEP Team. Parents should contact either the Special Education Administrator or the Special Education Facilitator if they have concerns with their child’s special education eligibility or IEP.

GEORGIA’S SPECIAL NEEDS SCHOLARSHIP PROGRAM (GSNS)

The Georgia Special Needs Scholarship (GSNS) Program is a school choice program available for special needs students attending Georgia public schools who are served under an Individualized Education Plan (IEP). Award amounts for eligible students for each school year will be available as early as June on the GaDOE’s GSNS website.

To newly qualify for the Georgia Special Needs Scholarship Program for this school year, a student must meet ALL the following requirements:

- Student Eligibility Criteria 1- A student must have a parent/guardian who currently lives in Georgia and has been a resident for at least one calendar year.
- Student Eligibility Criteria 2- A student was enrolled and completed the past school year in a Georgia public school in grades kindergarten through twelfth.
- Student Eligibility Criteria 3- A student was reported as attending a Georgia public school by a school district(s) during last year’s mandatory student counts conducted in October and March.
- Student Eligibility Criteria 4 - A student does not need to have an Individualized Education Plan (IEP) for the entire school year to qualify for the GSNS Program. A student must have received special education services at some point during the past school year through an IEP. A student must be reported by a school district(s) in either the October OR March student counts OR in final student record as a student receiving special education services by the end of the school year.

At the end of the school year, school systems update student records for students served by an IEP after the March count to reflect that they are special education students. By mid-July the database for the scholarship calculator is updated to include these students.

If a student meets the eligibility criteria for the GSNS Program, a parent/guardian has the right to request a transfer from a student’s current public school to:

- Another public school within their district of residence (CCSD reassignment form would apply); or
- Another public-school district outside their district of residence; or
- One of the three state schools for the blind or deaf; or
- A private school authorized to participate in the GSNS Program. Funds received through the GSNS Program can only be used to pay for tuition and fees at a private school authorized by the State Board of Education to participate in the program.

Funds cannot be used to pay the costs of out of district tuition, charter schools, or other options available under public school choice.

HEALTH RESOURCE INSTRUCTION

Georgia law requires that sex education, AIDS prevention, sexual abuse and assault awareness/prevention instruction be a part of the curriculum. Abstinence, or saying no to sexual involvement, will be stressed. Parents have the right provided in O.C.G.A. 20-2-143, which states, “Any parent or legal guardian of a child to whom the course of study set forth in this code section is to be taught shall have the right to elect, in writing, that such child not receives such course of study.”

CCSD is currently mandated in a statewide Georgia Department of Education initiative to provide physical education program activities focused on improving the physical fitness and well-being of Georgia students. The initiative is based on the FITNESSGRAM Program, which includes assessing the physical fitness levels of individual students using research-based criterion-referenced standards developed by The Cooper Institute for Aerobic Research. FITNESSGRAM is a quality assessment for three reasons:

1. FITNESSGRAM establishes a baseline from which a student can set goals and check progress to help in planning for lifelong physical activity and to maintain and improve levels of fitness. Fitness assessments measure aerobic capacity, muscular strength/endurance, flexibility and body composition.
2. FITNESSGRAM provides recommended activity program options that will help students work toward meeting established standards for optimal physical fitness.
3. FITNESSGRAM is non-competitive. It does not compare students to other students. FITNESSGRAM uses “Health Fitness Zones” to determine overall fitness. Individual fitness assessments are considered an educational record; accordingly, the results are confidential.
The FITNESSGRAM Program/Assessment includes:

- The Pacer (measures aerobic capacity)
- Push Ups (measures upper body muscular strength/endurance)
- Curl Ups (measures abdominal muscular strength/endurance)
- Back Saver Sit and Reach (measures flexibility)
- Height/Weight (measures body composition)

Students in grades 1-3 will practice and become familiar with the above assessments; but only height and weight will be recorded. Students in grades 4-12 will be evaluated and results will be recorded on all of the above assessments. Students enrolled in a physical education class taught by a certified physical education teacher will be assessed.

A confidential, FITNESSGRAM report will be prepared for each participating student in grades 4-12. This report will include assessment scores and information on the FITNESSGRAM “Health Fitness Zones” and will be provided with the student’s final report card. For elementary school students in grades 4, 5 and 6, you will be given an opportunity in the Spring to request the FITNESSGRAM Parent Report be sent directly to your home. The authorization form will be provided to you at that time. Complete the form and return it with a stamped, self-addressed envelope. For more information regarding the FITNESSGRAM assessment, please refer to www.cooperinstitute.org/fitnessgram-faq. If you have other questions, please contact your child’s physical education teacher.

INSTRUCTIONAL RESOURCES

Once instructional resource materials (i.e., textbooks, library books, technology hardware, curricular materials, etc.) paid for by public funds are issued to a student, the responsibility for the return of these materials in good, useable condition to the school for further use shall be the sole responsibility of the student and his or her parents/guardians.

When instructional resource materials are not returned to the school in a form suitable for continued use, it shall be the responsibility of the student and his/her parents/guardians to reimburse CCSD for the full replacement cost of the instructional resource materials.

In cases involving damaged instructional resource materials, such materials shall become the property of the student and his/her parents/guardians once replacement funds are received by the school. The exception is for technology items. These items and installed software are registered with ownership to CCSD and are to be disposed of through a surplus property process. Thus, ownership cannot be transferred to private individuals. Refunds for restitution of technology items recovered within 90 days of the receipt of payment will receive a full refund. Technology items recovered after 90 days will receive a prorated refund to account for depreciation. In no case shall a student be eligible to participate in graduation exercises and activities of the CCSD if debts related to lost or damaged books or materials remain unpaid.

Students who meet graduation requirements but are ineligible for graduation exercises due to unpaid debts related to lost, damaged or unreturned instructional resource materials shall receive their official high school diploma by mail along with an official transcript.

Meals may be paid using the following:

1. Cash
2. Use www.k12paymentcenter.com, our online prepayment site for convenient, secure meal management. The site makes it easy to monitor and apply funds to your account, check your account balance and schedule future meal account prepayments.
3. Personal Check (If your check is returned, it may be re-presented electronically. Applicable collection service charges and processing fees, as permitted by state law, will be deducted from the same account.)

CHARGE POLICY
Charging breakfast and/or lunch is for emergencies only and should not be considered as a choice on a routine basis; however, if a student inadvertently selects a meal, the student’s account will be charged.

Meal Charge Procedure and Substitute Meal

Elementary School Students – The procedure for elementary students without adequate funds to purchase school meals allows them to charge up to two (2) days of meals. If students use www.K12PaymentCenter.com, they need to notify the cashier who will allow the student to charge the meal. Students who have charged two days of meals and do not have any money will be offered a substitute meal. The cost of a substitute meal is .75 cents and consists of a cheese sandwich, juice or milk and one serving of a fruit or vegetable.

Middle School Students – The procedure for middle school students without adequate funds to purchase school meals allows them to charge one (1) day of meals. If students use www.K12PaymentCenter.com, they need to notify the cashier who will allow the student to charge the meal. Students who have charged one day of meals will be offered a substitute meal. The cost of a substitute meal is .75 cents and consists of a cheese sandwich, juice or milk and one serving of a fruit or vegetable.

High School Students – High school students who do not have adequate funds to purchase school meals will not be allowed to charge a regular meal. Students will be offered a substitute meal. The cost of a substitute meal is .75 cents and consists of a cheese sandwich, juice or milk and on serving of a fruit or vegetable. Students may charge up to two substitute meals. If students use www.K12PaymentCenter.com, they need to notify the cashier who will allow the student to charge the meal.

Students who owe for charges are not allowed to purchase supplemental sale items.

Supplemental sale items cannot be charged. The signed parental permission form must be on file if a student is not allowed to purchase supplemental sale items from their account.

To prevent your child from being offered a substitute meal, please provide money for your student’s meals each day or prepay for meals in advance. To assist parents, student account balances can be monitored at any time via our online payment program www.K12PaymentCenter.com. This service can be used regardless of whether you use the online funding option (a service fee is charged) or send cash or checks directly to the school. Create an account for each student, then throughout the year monitor the student meal account balance (or fund their account). Add your student(s) by entering their Student ID# and selecting their school. The account balance displays in the middle of the screen. Parents are highly encouraged to set a Low Balance Alert ($10 or higher is suggested) using the links on the page to receive an email remainder when funds are low.

During the month of May, students who owe $5 or more will not be allowed to charge meals and will receive a substitute meal.

School cafeterias make every effort to inform students and parents when funds are low by sending home notices via students, verbal reminders to students, telephone calls and/or emails.

Parents are responsible to ensure that children have an adequate lunch from home or sufficient funds to purchase school meals.
GUIDELINES FOR STUDENTS BRINGING LUNCH TO SCHOOL
- Food purchased from outside "fast food" restaurants, and remaining in original packaging (i.e., bags and wrappers), is not permitted in the school cafeteria.
- Food brought from home must be prepared at home. Food will not be refrigerated, heated or prepared by staff.
- Student use of kitchen equipment is not permitted.

SAFE USAGE OF SCHOOL FACILITIES/EQUIPMENT
It is imperative that any student, parent, or community member using school facilities and/or equipment, whether it be for recreational or educational purposes, do so in a responsible and safe manner and under appropriate supervision. This applies to any and all playgrounds, gymnasiums, auditoriums, kitchens, stadiums, field houses, outdoor education classrooms, stairwells, or other areas, which may be accessible before, during, or after school hours.

SCHOOL-SPONSORED CLUBS AND ORGANIZATIONS
Schools are responsible for annually notifying parents regarding all school-sponsored clubs and organizations. While this notification may be done through the school’s websites, schools will determine the most appropriate vehicle for this notification. Additionally, parents/guardians must be given the opportunity to withhold participation of their students in all, or selected, clubs via written notification to the school. Please refer to the Back to School Gateway where more information can be found.

FUNDRAISING, SOLICITATIONS, AND SALES OF ITEMS
No fundraising organizations are permitted to solicit funds from students without prior approval from the Board of Education. Refer to Board Policy JK on the CCSD website for more information.

ATHLETIC ELIGIBILITY
GRADES 6-12: COMPETITIVE INTERSCHOLASTIC ACTIVITIES are defined as any organized competition between schools that is held outside the regular instructional day. This does not include vocational clubs, academic bowls, geography bees, spelling bees, science fairs, math bowls, or specific subject area fairs. A competitive interscholastic activity is an activity specifically pertaining to any organized athletic sport including cheerleading. To be eligible for participation, a student must be enrolled and attending the full six segments as defined in the Quality Basic Education Act or the equivalent thereof.

NOTE: The Georgia High School Association has a cooperative relationship with the Georgia Board of Education to establish statewide regulations for interscholastic competition in grades 9-12.

**RETENTION FOR ATHLETIC PURPOSES**
A student will not be retained in any grade for athletic purposes.

**SPORTS EQUITY**
CCSD does not discriminate on the basis of gender in its athletic programs. The Sports Equity Coordinator for CCSD is the Executive Director of School Operations (Secondary Schools). Inquiries or complaints concerning sports equity in this school district may be submitted to the Sports Equity Coordinator.

**OBTAINING/MAINTAINING A VALID GEORGIA DRIVER’S LICENSE OR LEARNER’S PERMIT**
The 2015 Georgia General Assembly amended the Teen and Adult Driving Responsibility Act (O.C.G.A. § 40-5-22 (TAADRA)) eliminating many requirements. CCSD only certifies that a student is enrolled in and not under expulsion from school to be eligible for a driver’s license or learner’s permit. (using the Certificate of School Enrollment form)

See Appendix H in the Discipline Code Handbook for further explanation of the Teen and Adult Driving Responsibility Act (TAADRA).

**OBTAINING/MAINTAINING A VALID GEORGIA WORK PERMIT**
New Georgia Department of Labor regulations went into effect July 1, 2015 with the passage of State Law HB366. Students who are 16 years or older will no longer be required to obtain a work permit prior to employment. The only exception to the new regulations are students employed in the entertainment industry—work permits are required for students who are 16 or 17 in this category of employment.

**STUDENT ASSISTANCE PROGRAM**
A Student Assistance Program is available for students who may be experiencing problems both academic and otherwise. See your counselor for information.

**STUDENT SUPPORT TEAM (SST)**
Each CCSD school has a Student Support Team (SST). The purpose of this team of professionals is to recommend effective instructional interventions for students whose data indicates that they are not meeting grade level academic standards and/or behavioral expectations.

In accordance with Georgia State Board Rule Georgia Board of Education Rule Code: IGB 160-4-2-.32 STUDENT SUPPORT TEAM – each CCSD school has a Student Support Team. Students can be referred to the Student Support Team (SST) by teachers, parents or other instructional staff. A systemic, collaborative problem-solving process is used to generate recommendations that are targeted to the student’s learning or behavior problem. These recommendations, which include a specific academic and/or behavior plan, are documented in a Cherokee County Response to Intervention (RTI) "POINT PLAN" and provided to the student’s teacher(s) and/or others to implement with the student. The team then meets periodically to review the student’s progress monitoring data and determine the need for continuing, modifying or concluding the intervention (e.g., increase time, additional supports).

**AFTER SCHOOL PROGRAM**
Students in an Elementary School setting can be provided after school care at minimal cost from the end of school until 6:00 p.m. on days when school is in session. After school children are supervised in a safe and caring environment with a minimal amount of structure that allows for individual and social growth. Children engage in many activities including study time, physical recreation, art, music, computers and sports. Daily snacks are provided. Fees are paid in advance with an extra charge for drop-ins or late pick up.

**COUNSELING**
Counselors provide students with a variety of services:

Section VII: Student Transportation

SCHOOL BUS SAFETY
School bus discipline and school bus safety is intertwined and inseparable. Students must properly ride the bus to ensure everyone’s safety including other students, motorists, and pedestrians. Conduct that is disruptive or distracting will not be tolerated. All bus safety rules apply to regular bus routes, bus stops, field trips, and athletic trips. Furthermore, school buses will not enter gated communities or drive on private roads.

DISRUPTIONS AND UNLAWFUL BEHAVIOR
- Georgia Code § 20-2-1181 states it is unlawful for a person to disrupt or interfere with the operation of a school bus or designated bus stop. Any person violating this Code is guilty of a misdemeanor of a “high and aggravated nature.”
- Georgia Codes § 16-5-20, §16-5-23 and § 16-5-23.1 further protect school employees on buses and/or at school bus stops against behavior legally defined as “simple assault” and “simple battery,” stating that people found guilty of violating these codes will be punished for misdemeanors of a “high and aggravated nature.”

SAFETY RULES AT THE BUS STOP
- Take the shortest, safest route to the bus stop.
- Be at assigned bus stop five minutes before time for the bus to arrive.
- Walk on the left shoulder of the road facing traffic unless there are sidewalks.
- Wear light or brightly colored clothing.
- Wait a safe distance from the road, but be prepared to quickly board the bus.
- Respect the property of other people.
- Refrain from pushing, fighting, or any other unsafe activity at the bus stop.
- Report disturbances immediately to school administration for resolution.

SAFETY RULES FOR ENTERING AND EXITING THE BUS
- Parents should establish an emergency plan with their child in case the parent or an appropriate-aged sibling is unable to be at the bus stop or at home when the child exits the bus. For example, in the event of an emergency, one option would be to coordinate a plan with a trusted neighbor, who is always home, for your child to walk to their home and then call you.
- Students in kindergarten through third grade will be transported back to school if there is not a guardian, parent or appropriate-aged sibling present to supervise the child upon departure from the school bus (note: DFCS guidelines stipulate that children 13 and older can safely supervise a younger child in most cases). Parents will be responsible for supervision fees assessed by the school in this regard.
- Students will be transported back to school if a potential safety issue is apparent or is brought to the bus driver’s or the school’s attention by the student and/or the parent or guardian. Parents will be responsible for supervision fees assessed by the school in this regard.
- Be sure all traffic has stopped both ways before crossing the road. (Stop, Look, Listen) Watch for driver signals.
- Walk 12 feet in front of the bus to stay in the driver’s view when crossing the road.
- Never cross the road behind a school bus.
- Stop at the centerline of the road and look both ways before crossing after exiting the bus.
- Do not linger in the “Danger Zone”. (The “Danger Zone” is a 12-foot parameter around the bus where most accidents happen.)
- Do not go back for items dropped in the “Danger Zone”. Leave the item. Get the driver’s attention before retrieving anything!
- No headphones or earbuds while entering or exiting a school bus.
- Never stop in the “Danger Zone” to get mail from the mailbox.
- Secure loose items such as toys, key chains, and drawstrings to avoid hanging them on the bus, especially the handrail.
- When exiting the bus, stop on the bottom step and look left and right before stepping off the bus.

SAFETY RULES ON THE SCHOOL BUS
- Observe the same conduct as in the classroom.
- Never throw objects in or out of the bus.
- Remain seated and keep head and hands inside the bus. Keep head, hands and legs out of the aisle.
- Be courteous and avoid the use of profane or abusive language.
- Show proper respect to the bus driver and follow all directions.
- Do not eat or drink on the bus.
- Never bring objectionable or dangerous objects such as weapons, glass, skateboards, or large projects on the bus.
- Cell phones and/or other electronic equipment that cause distractions are not allowed on the bus.
- Refrain from unnecessary noise.
- Remain quiet at railroad crossings.
- Do not tamper with safety equipment including crossing gate, emergency doors, windows or hatches.
- Be seated quickly and remain seated until arriving at destination.
TRANSPORTING PROJECTS AND PROHIBITED ITEMS
Occasionally projects and/or items are transported to and from school. These items may include woodworking projects, Science/Social Studies projects and band instruments. The following guidelines must be followed to ensure the safety of students during a possible evacuation and the comfort and well-being of all students:

- Items, including large display boards, should not exceed 18" x 24" and must not contain sharp edges, corners or sharp displayed objects.
- Glass, animals, chemicals, flammable materials or other hazardous items are prohibited and will not be transported.
- Band instruments small enough to hold in student's lap, without interfering with the safety or comfort of others in the seat, may be transported.
- No item will be stored in the aisle, driver's compartment or behind the driver's seat.
- No items should be placed/stored in front of the emergency exits (especially ice coolers).
- Skateboards, scooters and other similar objects are prohibited on the bus.
- Non-Permitted Instruments: Cello, String Bass, Electric Bass, Percussion Combo Kit (Snare & Bells), Kettle Drum (Timpani), Tuba, Bass Drum, Baritone Saxophone, Sousaphone, Field Drum, Baritone/Euphonium, Contrabass/Contralto Clarinet, Guitar, Concert Xylophone.
- Other Items Not Permitted: Flag Poles, Golf Bags, Skateboards, ROTC Guns, Lacrosse Sticks, loose Baseball or Softball Bats that extrude out of the carrying bag and large projects that do not fit in the student's lap.

ADDITIONAL GUIDELINES
- Parents are responsible for providing transportation for students suspended from riding the bus.
- Bus drivers are in complete charge at all times and are authorized to assign seats.
- Conversation with the bus driver or behavior distracting the bus driver by students during loading and unloading of buses should be avoided. During this critical time complete concentration by the bus driver is required.
- Parents with concerns or complaints that need to be addressed by the bus driver should schedule a conference with the bus driver through the school. Under no circumstances should parents distract the bus driver by boarding the bus or complaining at the bus stop. Student safety must be top priority during this time.
- Student conduct in school and on school buses may be videotaped with surveillance equipment. This equipment is installed for the purpose of promoting a safe environment for students, personnel, passengers and drivers.
- Any action or disturbance that endangers the well-being of any student will be handled in accordance with the CCSD Discipline Code.
- No bus transportation will be provided to any student who has been granted a reassignment.
- If a bus is at full capacity, no guest riders will be permitted.

STUDENT PARKING

1. Each person who chooses to park a vehicle at a CCSD high school during normal day hours must obtain a parking permit. A parking space will be assigned, or an area will be designated for legal parking. Parking permits must be completely visible at all times from the outside of the vehicle and will be displayed as specified by the school. Parking permits are not transferable.

2. Student parking permits for available parking spaces will be issued upon application and payment of a parking fee. The annual parking permit fee is $90 or $45 for permits purchased after Winter Break. No REFUNDS. Motorcycles shall have student decal although assigned to a designated parking area. A one-day parking pass is available at each campus upon payment of $1 fee and the availability of parking spaces.

3. Priority in assignment of parking spaces will be established by the local school administration.

4. CCSD Parking Permit Application and Vehicle Registration Form will be used to register vehicles and by copy, advise the applicant and legal parent/guardian of the Rules and Regulations.

5. Violations on school campus will be subject to, but not limited to, the following:
   - For minor violations, fine imposed must be paid the next day of school or imposed fine will increase $1.00 per day.
   - For serious violations, traffic citations, warrants or juvenile complaints may be issued and sent to the Court having jurisdiction.
   - Suspension of parking privileges.
   - Revocation of parking privileges.
   - Impounding of vehicle.
6. Parking, traffic and administrative violations on campus subject to the above discipline shall include, but not be limited to:

The responsibility for ensuring selected courses fulfill graduation requirements shall rest with the individual student and his/her parents. Parents are encouraged to call the school when a question or problem exists.

**DUAL ENROLLMENT**
Georgia’s Dual Enrollment program allows high school students the opportunity to earn college credit while completing their high school diploma. The Dual Enrollment program covers tuition, mandatory fees and required textbooks. Students must meet the Dual Enrollment admissions requirements set by the participating postsecondary institution that they wish to attend. Those requirements may include a minimum grade level and/or age requirement. Students must also meet the postsecondary institution’s satisfactory academic progress policies.

Students who wish to take advantage of this program should make the decision in consultation with his/her parent/guardian and school counselor as part of an overall plan for graduation. Prospective students should familiarize themselves with CCSD BOE Policy IDCH which governs these programs. Also, students who might wish to be competitive for valedictorian or salutatorian should be aware of the implications Dual Enrollment may have on their eligibility as governed by CCSD BOE Policy IHC. Refer to Board Policies IDCH and/or IHC on the CCSD website for more information.

Prior to enrolling, parent(s)/guardian(s) and the student who elects to participate will be required to sign the **CCSD Dual Enrollment Participation Form**, meet with their School Counselor, meet the admissions requirements at the postsecondary institution of their choice and make satisfactory academic progress. District information on Dual Enrollment can be found on the CCSD website.
