STUDENT INFRACTIONS AND DISCIPLINE PROCEDURES

Note: In accordance with disciplinary procedures of the Cherokee County School District, and as required by Georgia Code (20-2-736), this publication of student behavior infractions and required or recommended dispositions is submitted for the information of school personnel, students and parents.

STATEMENT OF PURPOSE

The purpose of the schools within the Cherokee County School District is to provide the best learning opportunity possible. The School District's behavior standards, as outlined in this discipline code, govern student actions while attending school, on school property and/or attending a school-sponsored event. As it relates to these standards, there is an expectation that students will behave themselves in such a way so as to facilitate a learning environment for themselves and other students. We expect students to:

- Respect each other
- Respect school district employees
- Obey student behavior policies adopted by the Board of Education
- Obey rules established by individual schools

Good order and discipline may be described as the absence of distractions and disturbances, which interfere with the optimum functioning of the student, the classroom, the school, and the safe operation of school buses. It is also the presence of a friendly, yet businesslike, rapport in which students and school personnel work cooperatively toward mutually accepted goals.

We ask your cooperation in sharing this responsibility for maintaining a proper learning environment.

INTRODUCTION TO STUDENT DISCIPLINE PROCEDURES

SECTION I: PROGRESSIVE DISCIPLINE

Progressive discipline processes will be utilized by schools and the School District in order to create the expectation that the degree of discipline will be in proportion to the severity of the behavior, as well as consideration given to each student's previous discipline history and other relative factors; and that all due process procedures required by federal and state law will be followed.

SECTION II: INVESTIGATION AND NOTIFICATION PROCEDURES

- (A) A teacher must document a student's violation of the student code of conduct within one school day of the incident. The report will be filed with the principal (or designee), and shall describe the student's behavior.
- (B) Following an appropriate investigation of the alleged infraction, the principal (or designee) will make a determination regarding a disposition.
- (C) Within one school day after determining a disposition, the principal (or designee) will send to the student's parents or guardians a copy of the report and information relative to the student support services being utilized or the disciplinary action taken upon completion of the investigation. The principal (or designee) will make a reasonable attempt to confirm receipt of such written notification by the student's parents or guardians. Written notification will include information regarding how the student's parents or guardians may contact the principal (or designee).
- (D) The principal (or designee) will send written notification to the teacher of the action taken relative to the student incident referred by that teacher.

SECTION III: DUE PROCESS RIGHTS FOR STUDENTS RELATIVE TO ADMINISTRATIVE INVESTIGATIONS

In all cases, the rights of individuals involved will be ensured and protected. Within that statement, however, students and parents/guardians must realize that the due process rights of students during administrative investigations are defined relative to proposed dispositions to be imposed by the school's administration. Namely, if a principal (or designee) is planning to impose a punishment amounting to less than a ten-day suspension, he/she has three responsibilities to the student (*Goss v. Lopez*, 1975):

- (1) Notify the student of the charge;
- (2) Provide an explanation of the evidence collected; and
- (3) Extend an opportunity to the student to answer to that charge.

If the principal (or designee) is seeking to impose a punishment that will exceed a ten-day suspension, he/she must also afford the student a due process discipline hearing before a panel or hearing officer.

SECTION IV: STUDENT SEARCHES

To maintain order and discipline on school property or property being used by the school/School District, and to protect the safety and welfare of students and school personnel, school authorities may conduct searches of both school and personal property as provided for in Board Policy JCAB. Additionally, school authorities may seize any illegal, unauthorized or contraband materials discovered in said searches.

Description of Search Types:

- **School Property Searches** (i.e., lockers, desks, etc.): These searches may be conducted based on a pre-determined random basis or pursuant to "reasonable suspicion."
- **Personal Property Searches** (i.e., automobiles, purses, book bags, etc.): These searches may be conducted pursuant to "reasonable suspicion" unless prior approval has been granted to the school or School District (thus eliminating the expectation of "reasonable suspicion"); when there is no reasonable expectation of privacy; or, in crisis- or medically-related emergencies.

The School District may conduct a search of property (only) located on School District property using police canines. Such searches shall be accomplished so as to protect students, faculty and others from immediate contact with the canine(s) in an effort to promote the safety of all students.

SECTION V: ILLEGAL ACTS

Parents and students should be aware that in some instances, an offense may constitute a violation of Georgia Law. As a result of any resulting violation of law, any court having jurisdiction may impose additional sanctions.

SECTION VI: REPORTING OF THREATENING BEHAVIOR OR ILLEGAL/SUSPICIOUS ITEMS AT SCHOOL

Any threat (expressed or implied) by any individual which if carried out would pose a potential danger to the life and safety of students and/or staff members or the destruction of property should be regarded and treated seriously. Any student who receives or has knowledge of information concerning such a threat should immediately report that information to a school administrator or staff member.

Students should notify an administrator or staff member when illegal or suspicious items, dangerous items or other items banned from school are found in the school building, on the school campus, or on the school bus. Students are advised not to pick up or handle illegal, dangerous, banned or unidentified items, or items not belonging to them.

SECTION VII: SUSPENSION/EXPULSION OF STUDENTS WITH IDEA SERVICES

(A) GUIDELINES FOR SUSPENSION/EXPULSION OF STUDENTS RECEIVING SPECIAL EDUCATION SERVICES

Students receiving special education services under the Individuals with Disabilities Education Act (IDEA) can be suspended out-of-school (OSS) for a total of 10 consecutive or cumulative school days in a school year without a consideration of whether the behavior is related or not to the student's disability. If school administration is imposing an OSS for a special education student that exceeds 10 cumulative school days in a school year or is recommending a long-term suspension or expulsion, the School District will convene a Manifestation Determination Review (MDR) to determine if the student's behavior is related to the student's disability. If the behavior is determined to be a manifestation of the student's disability, the student may not be suspended out-of-school. If the behavior is found not to be related to the student's disability, the School District may impose the recommended discipline; however, the special education student will continue to receive educational services. The student's Individual Education Program (IEP) committee will determine the location of the education services.

In cases in which a student is being considered for a suspension/expulsion, and there is no record indicating the student has a disability, but the parent(s) claim the school/School District has knowledge that the student does have a disability, the school administration should notify the Director of Special Education before proceeding with the discipline process.

(B) TRIBUNAL GUIDELINES FOR STUDENT RECEIVING SPECIAL EDUCATION SERVICES

Students receiving special education services are afforded the same right to a disciplinary due process hearing before a tribunal as nondisabled students where there is a recommendation for suspension/expulsion for longer than 10 consecutive school days.

(C) TRIBUNAL GUIDELINES FOR STUDENTS HOLDING A "SECTION 504 PLAN"

A tribunal for a student holding a "Section 504 Plan" will only be held if (a) a committee reviews the student's plan and determines that behavior exhibited by the student resulting in the discipline infraction is determined to not be a result of the student's disability; or (b) the student maintains his/her innocence. In these two cases, the discipline should proceed in the same manner as prescribed for a student receiving special education services, except the role of the IEP committee will be replaced with the student's Student Support Team (SST).

Note: Parents should be aware that state and/or federal law may require modified disciplinary actions for special education students.

SECTION VIII: REPORTING INFRACTIONS TO THE DISTRICT ATTORNEY

For student infractions identified as being reportable to the District Attorney (DA), failure on the part of teachers, administrators, school personnel or the superintendent to report these offenses constitutes a misdemeanor pursuant to O.C.G.A. 20-2-1184 (d). For the purposes of this Discipline Code, these offenses are listed as *01B.1, 01B.2, 01B.3, 01C.3*, 03B.3*, 04C.3* and 08C**.

*These act(s) of physical violence must rise to the level of Aggravated Assault or Aggravated Battery pursuant to O.C.G.A. §16-5-21 or §16-5-24 to be reportable to the District Attorney.

SECTION IX: UNSAFE SCHOOL CHOICE OPTION AND VIOLENT CRIMINAL OFFENSES

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an “Unsafe School” according to the provisions of the State Board Rule 160-4-8-.16, UNSAFE SCHOOL CHOICE OPTION (USCO). Also, under USCO provisions, School District guidelines are in place to facilitate the timely and appropriate requested transfer of students who are victims of “violent criminal offenses” and/or students enrolled in schools determined to be “persistently dangerous” (as determined by the same State Board Rule).

SECTION X: DISCIPLINING OFF-CAMPUS STUDENT BEHAVIOR

The authority of administrators to suspend or otherwise discipline a student is not limited to the student’s on-campus conduct. Students may be suspended out-of-school or otherwise disciplined for off-campus conduct which is reasonably related to any school activity, and is contrary to the law or has an adverse impact on good order, discipline or the learning environment at the school.

In conjunction with recent statutory requirements contained within GA Code § 20-2-751.4, local schools will address off-campus incidents of cyber-bullying when reported to school officials. Guidelines for addressing these behaviors are located on pages 18-20 of this handbook.

SECTION XI: DEFINITIONS OF DISCIPLINARY/EDUCATIONAL TERMS

AIM PROGRAM (Gifted Education Services for Elementary School Students): Elementary school students meeting the gifted education eligibility criteria are served through the Resource Class Model, known as AIM Classes, approximately 2 to 5 segments per week. The content and pacing is differentiated to the degree that the activities are clearly not appropriate for more typical students at that grade level. The curriculum is built upon an academic content foundation, centered on interdisciplinary enrichment activities.

ALTERNATIVE SCHOOL: (Grades 6-12) May be alternative to external suspension or expulsion. Students in alternative school are not allowed to participate in school-sponsored activities. Under certain circumstances, bus transportation to alternative school may be denied at the discretion of school authorities. Student must be suspended for at least nine days to attend alternative school.

COUNSELING: Discussion of behavior with the students and/or parents.

ACE ACADEMY: (Grades 6-12) An alternative program for students who meet certain criteria regarding their school behavior, including poor attendance or academic deficiencies. Students and parents/guardians must attend an orientation prior to enrollment in the program. Tribunal referrals will be given priority. The program is ZERO TOLERANCE based, meaning any violation of the student disciplinary code could result in expulsion.

DETENTION: A requirement that the student report to a specified school location and to a designated teacher or school official to make up work missed or to receive specific instruction in behavior modification. Detention may require the student’s attendance before school, after school, on Saturdays, or during scheduled

class or school activity time if school officials deem removal of the student from his/her regular school schedule essential to the well-being of the student or school

EVERY STUDENT SUCCEEDS ACT (ESSA): ESSA is a United States Act of Congress concerning the education of children in public schools signed into law in 2015. ESSA supports standards-based education reform, which is based on the belief that setting high standards prepares students for success in college and careers and can improve individual outcomes in education. The Act maintains the importance of statewide assessments that document progress and performance of students and schools.

HEARING OFFICER/PANEL: A person or persons that, by law and through an appointment of the Superintendent, may hear predetermined student discipline proceedings. This person or persons would be authorized to rule on discipline cases when there is a recommendation for suspension/expulsion for more than nine school days.

INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA): IDEA is a United States federal law that governs how states and public agencies provide early intervention, special education, and related services to children with disabilities. It addresses the educational needs of children with disabilities from birth to age 18 or 21 in cases that involve 13 specified categories of disability.

INDIVIDUALIZED EDUCATION PROGRAM (IEP): IEP is a written statement for each child with a disability that is developed, reviewed and revised in a meeting in accordance with State Board rule 160-4-7-.06.

POSSESSION: For purposes of this Policy and Code, possession shall be defined as the actual control or manual custody of anything which may be the subject of property for one's use, either as the owner or as the proprietor of a qualified right in it and either held personally or by another, who exercises it in one's place and name. This definition shall embrace the concept of actual possession as well as constructive possession and shall extend to items of contraband held personally by a student or maintained by a student in a space or spaces in which the student exercises control including but not limited to purses, book bags, lockers and vehicles.

PRINCIPAL'S DISCRETION: When a disposition notes that schools may have "principal's discretion" in dealing with an infraction, that distinction should also be interpreted as a "principal's/assistant principal's discretion."

PROGRESSIVE DISCIPLINE: The degree of discipline will be in proportion to the severity and/or the number of occurrences of the behavior.

SATURDAY SCHOOL: An optional discipline strategy that may be assigned by building level administrators to address certain school discipline infractions.

STUDENT SUPPORT TEAM (SST): The Student Support Team (SST) is a multi-disciplinary team which utilizes a problem-solving process to investigate the educational needs of students who are experiencing academic and/or social/behavioral difficulties. SST, which is required in every Georgia public school, uses a data-driven process to plan individualized supports and interventions and the method of assessing their effectiveness.

SUSPENSIONS:

The removal of a student from class, school, or school-sponsored events for a specified period of time. Suspensions may also include the removal of privileges such as bus transportation, student parking, or other opportunities as provided to them by the school or School District. Student suspensions are generally applied as either short-term or long-term suspensions based on the severity of the violation(s). **SHORT-TERM SUSPENSIONS** are suspensions for less than ten school days. **LONG-TERM SUSPENSIONS** are for greater than ten school days and require a due-process hearing (tribunal) before being implemented.

1. **IN-SCHOOL SUSPENSION:** Temporary removal from classes by placing students in designated area. Students will continue to do classroom work and receive credit.

2. **EXTERNAL (or OUT-OF-SCHOOL) SUSPENSION:** Denial to a student of the right to attend school or Alternative School. Absences will be registered as excused absences. Students who have been externally suspended are not permitted on any Cherokee County school campus or at any school function while under suspension. This includes students attending ACE Academy as determined by a tribunal, except when the students are allowed transportation shuttle privileges to/from home. Externally suspended students who return to school or attend a school function while under expulsion/suspension may be considered to have criminally trespassed and may be prosecuted accordingly if they have not obtained and carry written permission from that Principal.
3. **SUSPENSION OF BUS PRIVILEGES:** Denial of the privilege of school district bus transportation as the result of the safety of students, bus drivers and/or materials being threatened. Discipline will be administered according to procedures in this handbook.
4. **SUSPENSION OF PARKING PRIVILEGES:** Parking is a privilege bestowed by permit which may be suspended or revoked at the Principal's discretion. Suspended and expelled students are denied parking privileges for the term of their suspension or expulsion.

EXPULSIONS: Removal of student from the school district permanently, or for an extended period of time beyond the current semester. Expulsion of a student requires a due-process hearing (tribunal) as explained below. Expulsion by a tribunal from a CCSD school may be accompanied with an opportunity to attend ACE Academy. A student expelled from a CCSD school and allowed to enroll in ACE Academy is not eligible to participate in extra-curricular or co-curricular programs or activities at the school from which they are expelled.

TEENAGE AND ADULT DRIVING RESPONSIBILITY ACT (TAADRA): Section a.1 Georgia Code Section 40-5-22, Georgia's Teen-age and Adult Driver Responsibility Act (TAADRA) of 1997, and recently modified by the Georgia General Assembly (2015), requires that local school systems certify that a student is enrolled in and not under expulsion from a public or private school to be eligible for a driver's license or learner's permit.

TRIBUNAL: A due process hearing afforded to students where there is a recommendation for suspension/expulsion for longer than nine school days. A tribunal panel has the authority to suspend students out of school long-term or place them in Alternative School or ACE Academy. All tribunals must be held no later than ten days after the beginning of the student's suspension unless: (1) the parent/guardian requests, in writing, an extension to the established deadline; (2) parent agrees to maintain student's current status until tribunal has been completed; (3) both school and parent accept this extension/continuance. Any teacher who is called as a witness by the school system shall be given notice no later than three days prior to the hearing.

TRIBUNAL DEFERRAL: In dealing with ESSA-reportable discipline infractions in which a tribunal is mandated by the conduct code, but the infraction does not rise to the level of seriousness that would warrant a tribunal hearing, it is permissible for the School Principal, in working with the student and parent(s)/guardian(s), to substitute a "Tribunal Deferral" in place of the prescribed tribunal. This deferral would involve an admission of guilt from the student, as well as, an outline of the school-assigned consequences which, if involving a suspension or assignment to alternative school, cannot exceed nine days. Tribunal deferrals can only be initiated by the Principal!

WORKBACK PROGRAM: An individualized program designed by the school at the request of the parent, which would earn through the Workback, a lesser external suspension. Workback may be accomplished through reasonable general (campus level), civic (community level) or academic assignments. Workback assignments may be applied to external suspensions of five or more days imposed by the school, but not (a) when/if infractions of the discipline code do not allow the school such discretion or (b) the school is seeking long-term suspension or expulsion through a disciplinary tribunal. It is important to remember that the parent and student must request the Workback Program, but final approval rests with the school. Additionally, current School Board Policy does not mandate that a school participate in the Workback Program.

SECTION XII: REVIEW OF LOCAL BOARD POLICIES RELATIVE TO STUDENT DISCIPLINE

Current School Board Policies regarding Student Discipline (JD), Student Suspensions (JDD), and Student Hearing Procedures (JCEB) are available for review on the School District's website at www.cherokee.k12.ga.us.

SECTION XIII: STATE CODING OF DISCIPLINE INFRACTIONS

The Georgia Department of Education requires that certain reportable discipline infractions be coded for identification purposes. The three classifications for these reportable infractions are mild, moderate and severe.

These infractions may be denoted in the CCSD Discipline Code by the use of a decimal, then a number. An example of this coding system would be:

- Code # .1 = Mild level
- Code # .2 = Moderate level
- Code # .3 = Severe level

Codes that are not state reportable may not be divided into these code sections.

SECTION XIV: AMENDING THE DISCIPLINE CODE

Additions or changes in the student infraction codes and the corresponding dispositions may be made as deemed necessary. If this becomes necessary, appropriate announcements will be made to all students.

APPENDIX E: GUIDELINES FOR THE TEACHER REMOVAL OF A STUDENT FROM CLASS

I. Introduction

The Cherokee County School District fully supports the provisions of GA Code § 20-2-738, which provides that a teacher shall have the authority to remove from class a student who repeatedly or substantially disrupts the learning process. Consideration must be given to disciplinary options available through the school, the district, other public entities, or community organizations. Care must be given to ensure that the status of IEP students is maintained. This option of a teacher removing a student from class should be used within the context of the Board's Disciplinary Code that is followed by all students and staff.

II. Guidelines for Classroom Teachers

- A. Teachers may remove a student from class for either: (1) Substantial disruption of class or acts that pose immediate threats to safety; and (2) repeated disruptive classroom behavior. Prior written reports must be on file identifying the student as a "chronic disciplinary problem".
- B. Teacher must discuss the matter with the principal (designee) and file a report describing the student behavior in not more than one page. This report must be filed by the end of the school day on which the removal occurs or at the beginning of the next school day.
- C. After discussions, if the principal (designee) seeks to return the student to the teacher's class and the teacher withholds consent, then a Placement Review Committee decides the matter.
- D. Any teacher may be required to complete professional development to improve classroom management skills if the teacher has more than two students returned by a Placement Review Committee because the class is deemed to be the best available alternative for the student. The principal shall derive the plan in consultation with the teacher to include identification and remediation of academic and behavioral student needs or other instructional skills.

III. Guidelines for Principals

- A. The principal (designee) will discuss the matter with the teacher and student by the end of the day or the beginning of the next school day.
- B. Students will retain all due process rights and safeguards. The student will be given the reason(s) for the removal along with an opportunity to present an explanation of the situation.
- C. After receiving written notice from the teacher that a student is to be removed, the principal (or designee) will within one day send the parents/guardian notification that the student was removed from class, a copy of the report filed by the teacher and information on how the principal (designee) may be contacted.
- D. After the above discussion, the student may be returned to class if the teacher gives consent. This return does not limit the principal (designee) from administering appropriate disciplinary action as warranted.
- E. If the teacher withholds consent, the principal (designee) will decide on an appropriate temporary placement by the end of the first day following the removal from class. This temporary placement should provide the least disruption possible taking into account the severity of the infraction, past behavior of the student, need for special services, and the availability of alternative settings. This action should be communicated to parents/guardians and the teacher.
- F. The principal (designee) convenes a meeting of the Placement Review Committee.
- G. The principal (designee) informs the parents/guardians and teacher of the Placement Review Committee decision.

IV. Guidelines for Placement Review Committees

- A. Each school will have one or more Placement Review Committees. The purpose of the committee is to determine the placement of a student when a teacher withholds consent to the return of a student to the teacher's class.
- B. A committee will be composed of three members. The faculty will choose two teachers to serve and one teacher as an alternate. The principal shall choose one member of the professional staff to serve. The teacher that withholds consent to readmit may not serve on the committee.
- C. The Placement Review Committee shall have authority to do the following: (a) Return the student to the teacher's class upon determining that such placement is the best or only available alternative; and (b) refer the student to the principal (designee) for other appropriate action.
- D. The Placement Review Committee will meet by the end of the second day after the removal of the student from class and will issue a decision in writing by the end of the third day following the removal by the teacher.
- E. If the decision is not to return the student to the class from which they were removed, the principal (designee) will use prescribed procedures outlined in the Cherokee County Disciplinary Handbook such as :
 - placement in another classroom
 - assignment to in-school suspension
 - assignment to alternative school
 - external suspension not to exceed ten total days for the incident
 - referral to an alternative program through a disciplinary panel
 - combination of the aforementioned dispositions.
- F. The principal (designee) may return the student to the class from which they were removed upon successful completion of the assigned intervention(s) or consequence(s). This action should be communicated to the teacher and parents/guardians.

V. Staff Development

Members of the Placement Review Committees will be provided training regarding the procedure for a teacher removing a student from the classroom and Cherokee County Board Policy and Disciplinary Code.

APPENDIX F: SCHOOL BOARD POLICY REGARDING HARASSMENT

Board Policy Harassment

Descriptor Code: JCAC

Cherokee County School District prohibits discrimination and harassment based upon race, age, gender, color, religion, national origin, disability, or other protected status. It is the policy of the Cherokee County School District to address such complaints at the lowest level of administration in order to quickly and efficiently resolve all such matters.

All employees are responsible for prevention of harassment and discrimination against students, including the responsibility to report any conduct which they believe to be in violation of this policy. No person will be subject to retaliation or reprisal for making a good faith complaint under this policy or for participating in an investigation.

Harassment and discrimination may include any conduct which has the effect of unreasonably interfering with a student's participation in an educational program or activity, including conduct by school employees, students or others. Examples may include offensive jokes, slurs or comments; offensive touching or requests for dates; different treatment of students based upon race, gender, or other protected status; display or communication of offensive photographs, writing or materials; or conditioning educational benefits on a student's participation in, or reaction to, such conduct. Discipline may be imposed for such conduct without regard to whether it rises to the level of a violation of law.

Complaints made to the Cherokee County School District regarding alleged discrimination, harassment or retaliation for complaints about, or opposition to discrimination or harassment will be processed in accordance with the following procedure:

1. Any student or other person with a complaint alleging a violation as described above shall promptly notify, in writing, the principal for the school attended by the student believed to have suffered discrimination/harassment. The complainant need not be the victim of the discrimination/harassment, but may be any person aware of the conduct. If the complaint involves the school principal or if the complainant does not feel comfortable directing the complaint to the school principal, then the complaint shall be filed with a Director School Operations.

2. The recipient of the complaint shall immediately notify and forward a copy of the complaint to the Deputy Superintendent (DS). The DS shall arrange for (a) prompt investigation of the complaint by someone other than the DS, (b) any interim action necessary to protect students, staff or operations pending the result of the investigation, and (c) any necessary reporting of the allegations. Said investigation shall consist at a minimum of interviewing the complainant, accused person(s), and persons with direct knowledge of the alleged events. Said investigation shall be concluded as soon as practicable, and generally within fifteen (15) business days (defined as days when the School District Central Office is open for business) of receipt of the written complaint. Upon completion of the investigation, the DS shall take such remedial actions as are necessary to prevent any further harassment. Such steps may include: counseling, suspension, expulsion, or any other remedial action deemed appropriate to address and eliminate further discrimination/harassment. Upon completion of the investigation, the DS shall notify appropriate parties (which may include the alleged victim(s), accused, and/or their parents or legal guardians) in writing of the substance of the investigation and remedial measures to be taken pending any appeal. The DS shall also forward a copy of the investigative file and notices to the appropriate title coordinator for document review and retention.

3. The complainant may seek a review of the initial decision by written request received by the DS within five (5) business days of the date of the decision.

4. The DS or designee shall have up to fifteen (15) business days to review the appeal, investigative file and the previous decision and determine any change in the remedial action recommended, conducting any additional investigation deemed necessary. The DS or designee shall promptly notify appropriate parties of the appeal decision.
5. The decision of the Deputy Superintendent or his/her designee, shall be the final decision under this policy. Due process will be provided for any disciplinary measures as required by law.

The complainant retains at all times the right to contact the Office of Civil Rights or the Equal Employment Opportunity Commission with regard to any allegations that the District has violated any law.

This policy shall be distributed to all students. District employees will receive training on this policy on a regular basis.

CHEROKEE COUNTY SCHOOL DISTRICT
APPENDIX H: THE TEENAGE AND ADULT DRIVING RESPONSIBILITY ACT (TAADRA)

During the 2015 session of the Georgia General Assembly, GA Code § 40-5-22 (TAADRA) was modified in such a manner as to eliminate student accountability as it relates to school attendance and discipline infractions. Under the modified GA Code, schools will simply have to certify that a student is enrolled in and not under expulsion from a public or private school to be eligible for a driver's license or learner's permit. Please review the following Frequently Asked Questions (FAQs) related to students obtaining and maintaining a Georgia Learner's Permit and a Georgia Drivers' License.

Frequently Asked Questions (from Students)

Q	<i>What do I need from the school before applying for a license/learner's permit?</i>
A	The student must get a signed, notarized Certificate of School Enrollment from the school.
Q	<i>How long is the Certificate of School Enrollment valid?</i>
A	The Certificate of School Enrollment is valid for 30 days.
Q	<i>How do I get a Certificate of School Enrollment during the summer?</i>
A	The front offices in each of the high schools are open during the summer months, but if the student needs one within 30 days of the school year end, he/she should get one before the end of the year.
Q	<i>Can my parent/guardian sign for me to drop out of school and my license NOT be suspended?</i>
A	NO. While that was true at one time, a parent can no longer sign for a student to drop out of school without the student's license being suspended.
Q	<i>Can I drop out to get my GED without my license being suspended?</i>
A	YES. Students must enroll in a certified GED program to avoid a suspension of the license.
Q	<i>How can I get more information on TAADRA?</i>
A	The "TAADRA Implementation Guidelines" are accessible through the District's website at www.cherokee.k12.ga.us . After accessing the site, select "Departments." Select "School Operations" from the pop-up menu, and this will take you to the site in which the guidelines are posted.

CHEROKEE COUNTY SCHOOL DISTRICT

- Assistance in differentiating bullying from isolated incidents of aggressive, intimidating or threatening behavior is provided by Dr. Dan Olweus (noted researcher in school bullying), who defines bullying as "repeated negative, ill-intentioned behavior by one or more students directed against a student who has difficulty defending him or herself. Most bullying occurs without any apparent provocation on the part of the student who is exposed."

The current School Board's Code of Conduct defines cyberbullying as the following:

CHEROKEE COUNTY SCHOOL DISTRICT
APPENDIX J: STUDENT ACTIVITY CODE OF CONDUCT

I. Introduction

The Cherokee County School District has determined that participation in interscholastic/extracurricular activities is a privilege for students enrolled in the School District. A student participating in such activities is considered to be a school leader; and, with leadership comes additional responsibility, so students must adhere to the standards and expectations contained in the School District's Activity Code of Conduct. As such, if a student violates these standards, schools may withdraw the privilege of participating in these activities, regardless of whether the violation occurred at a school-related or non-school-related activity. Schools may also withdraw the privilege of participating in these activities if the student violations occur outside of the scope of the activity's "season"; or, beyond the scope of the school day/year.

II. Student Infractions and Standards of Behavior

Student Infractions: Any student who commits the following infractions may be suspended or permanently dismissed from the team:

1. Hazing other students—school clubs and student organizations will not use hazing or degradation of individual dignity;
2. Missing practice, rehearsal or activities (unless excused by the coach or sponsor);
3. Truancy and/or skipping classes;
4. Acting in an unsportsmanlike manner when representing the school;
5. Violating team curfews (as established by the coach or sponsor);
6. Any behavior which results in discipline by the school administration; and,
7. Any behavior which, in the opinion of the administration, reflects in a negative manner on the team, activity, athletic program or school.

Standards and Expectations for Behavior: Students participating in interscholastic/extracurricular activities must comply with the following standards and expectations for behavior:

1. Establishing and promoting a positive self-image for the program, school and School District.
2. Exhibiting good sportsmanship.
3. Supporting team/activity rules developed by the activity's coaches or sponsors.
4. Adhering to the School District's Student Discipline Code.
5. Observing all standards and guidelines established by the Georgia High School Association (GHSA) Constitution and by-laws.
6. Obeying local, State and Federal laws governing behavior and conduct.*

Note: Provisions for dealing with starred () items above are contained in Section V of this document.*

III. Dispositions for Student Infractions and Standards of Behavior

Dispositions for student infractions and violations of standards and expectations of behavior include, but are not limited to, the following:

- Additional practice or conditioning time
- Conferencing between sponsor/parent or sponsor/student athlete
- Loss of position or awards privileges
- Suspension and/or removal from team

IV. Suspensions for Student Infractions and Standards of Behavior

Applying Suspensions: Relative to suspensions, progressive discipline processes will be utilized in order to create the expectation that the degree of discipline will be in proportion to the severity of the behavior, as well as consideration given to each student's previous discipline history and other relative factors.

1 st Offense:	Amount of suspension will be at the discretion of the Principal
2 nd Offense:	Suspension will be a minimum of twice the suspension for the first offense
3 rd Offense:	Permanent suspension

Reporting Suspensions: Parent/guardian will be notified of the student's suspension. A suspension report will be filed with the Office of Student Activities and Athletics.

Transferring of Suspended Student Athletes: Students suspended from activities will not regain eligibility by transferring to another school within the School District.

V. Dealing with Student Arrests

Reporting of Misdemeanor or Felony Arrests: A student (or his/her parent/guardian) is responsible for informing a school official, which may include the Principal, Athletic Director or his/her Head Coach or sponsor, of misconduct which results in a misdemeanor or felony arrest. This report must occur within five calendar days of the arrest or the student faces disciplinary action up to, and including, partial or permanent suspension.

Confirming Student Arrests: Student arrests that are verified through a reliable source (school administrator, teacher, coach/sponsor, staff member, parent of involved student, School District Police Department, etc.) will be appropriately investigated by the school administration or designee.

Investigations arising from student arrests will be reviewed by a panel comprised of staff from the offending student's school, to include, but not be limited to the following: a school administrator, the school's athletic director, the coach/sponsor of the student, one additional coach/sponsor (as selected by the Principal), and one teacher (as selected by the Principal). It will be the role of this panel to review all information available as a result of the investigation and recommend potential dispositions for any confirmed infraction to the Principal for his/her consideration—it will ultimately be the responsibility of the Principal to administer discipline. The student may present a written response to the alleged infractions being presented to the panel, but the student will not be present at the panel hearing. The student's parent/guardian will be notified in writing of the panel's decisions.

The school reserves the right to suspend and/or permanently dismiss a student from all extracurricular/interscholastic programs for the remainder of their school career for misconduct, which could result in the arrest or conviction of select misdemeanor or felony crimes.

Addressing Felony Arrests and/or Convictions: Felony arrests constitute an immediate suspension from activities. Relative to that arrest, any subsequent felony conviction of a student may result in a permanent dismissal from activities.

Addressing Misdemeanor Arrests and/or Convictions: Misdemeanor arrests and/or convictions that will cause suspensions from activities may include, but are not limited to, the following areas:

- Disruption of school or school events
- Threats of violence or acts of violence against school employees or students
- Sexual Offenses
- Weapons Offenses
- Alcohol or Drug Offenses

VI. Duration of Code of Conduct

The Student Activity Code of Conduct will be in effect year round.

CHEROKEE COUNTY SCHOOL DISTRICT

APPENDIX K: NOTES FOR STUDENTS AND PARENTS REGARDING ON-LINE USE

Section I: Internet Safety Tips

The Internet is a wonderful tool for communicating, learning and connecting. However, there are safety precautions you should take when navigating through cyber space—Always ask a trusted adult for permission or guidance if you are unsure about any online activity.

For Students:

- 1) Never give out personal information about yourself, your family, your school or your activities to anyone on the Internet.
- 2) Choose usernames and screen names that are generic and anonymous.
- 3) Never complete a form or questionnaire.
- 4) Don't send or post a picture of yourself, your family or friends.
- 5) Never agree to meet anyone that you met online.
- 6) Don't open an email from anyone you don't know.
- 7) Tell a trusted adult right away if you read or see anything on the Internet that makes you feel uncomfortable.
- 8) Know how to exit an inappropriate website.
- 9) Don't break copyright rules by taking words, pictures, sound or video from someone else's website.

For Parents: Along with assisting your child with the tips (provided), parents should also....

- 1) Set clear rules for Internet use.
- 2) Encourage your child to avoid sharing any type of personal information over the Internet without your permission.
- 3) Ask your child to tell you if something or someone online makes them feel uncomfortable or threatened.
- 4) Advise your child not to download programs, music or files without your permission. File-sharing and taking text, images, sounds or video from the Internet may be illegal.
- 5) Teach your child responsible, ethical online behavior. They should not be using the Internet to spread gossip, bully or threaten others.
- 6) Talk to your child about online dangers and let them know you are there to help them get out of a bad situation.
- 7) Your child may be better protected by the use of computer security tools such as content blockers, filters and pop-up blockers.
- 8) Communicate regularly with your child about their online experiences.
- 9) Consider "Internet Safety Contracts" with your child. Some help websites for these contracts and discussions with your child include: www.netsmartz.org, www.isafe.org and www.ikeepsafe.org (for younger children).

Section II: Using Social Networking Sites

Student access to social networking websites (i.e., Facebook, Instagram, Twitter, Snapchat) has continued to grow in popularity. These sites, when used safely, offer young people and adults an opportunity to communicate with one another. However, when used inappropriately, these sites can become a hurtful or dangerous place for all students.

Some students choose to use the social networking sites in offensive, disrespectful and inappropriate ways. While the School District uses "best practices" to filter access to such sites on school computers, these sites can be accessed on personal computing devices and smart phones, which can create disruptions and negatively impact peer relationships, as well as the learning environment. Also, sometimes while at school, students will share what they have read. This creates disruptions and negatively impacts peer relationships, as well as the learning environment.

Section III: Cyberbullying

Cyberbullying, or Internet Bullying, is using the Internet or other digital devices to send or post negative messages, images, or video clips about others. It can take many forms, including posting or sending mean or embarrassing comments and/or images on chat rooms, message boards, websites, social networking sites, online gaming sites, cell phones, instant messages or e-mail. Cyberbullying is a form of emotional bullying that causes feelings of fear, isolation, and humiliation among its targets.

Parents/guardians should discuss cyberbullying behavior, encouraging children to speak out against cyber bullying they witness and to report it to the appropriate person. Incidents of cyberbullying which occur at school or using school/School District technologies will be investigated by school administrators. However, these actions may not be confined to events that occur on school property, on school vehicles, at designated school bus stops, or at school related functions or activities, or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of a local school system. In addition, parents/guardians need to set up guidelines for appropriate use for each new piece of technology that is brought into the home.

Section IV: Internet Safety Policy

Additional information in this regard is contained in the School Board's Internet Safety Policy (IFABB), which can be obtained in the Online Policy Manual @:
http://www.cherokee.k12.ga.us/board/BOA%20Documents/Online_Policy_Manual.aspx .

CHEROKEE COUNTY SCHOOL DISTRICT
APPENDIX L: BRING YOUR LEARNING DEVICE (BYLD) INITIATIVE

As new technologies continue to change the world in which we live, they also provide many new and positive education benefits for classroom instruction. To enhance learning, students in Cherokee schools may now bring their own technology to CCSD campuses that are participating in the Bring Your Learning Device (BYLD) initiative.

Definition of Technology

For purposes of BYLD, “Technology” means personally owned Internet-accessible, wireless, portable, electronic equipment used for instructional purposes. All approved devices must allow access to the Internet through a fully functional Web browser and be capable of accessing the CCSD Guest network. Recognizing the rapidly changing world of technology, the list of allowed devices will be reviewed annually. Approved devices include: smartphones, iPads, iPods, laptops, netbooks, tablet computers and eReaders that meet the definition of technology.

Internet

All Internet access shall occur using the CCSD BYLD network. Cellular network adapters and hotspots are not permitted to be used by students to access the Internet at any time.

Security and Damages

Responsibility to keep privately owned devices secure rests with the individual owner. Neither CCSD, nor its staff or employees is liable for any device stolen or damaged on campus. Personal devices that are reported as stolen, lost or damaged while in the care of the student will be treated as any other personal item (such as coats, purses, books, gym bags, shoes, etc.). The school will initiate protocols that promote safety and security (e.g., lock cabinets, lock doors to classrooms and desk drawers where items may be secured).

Student Agreement

The use of personal technology to provide educational material is not a necessity but a privilege. A student does not have the right to use his or her laptop, cell phone or other electronic device while at school without express permission from the teacher. When abused, privileges will be taken away. When respected, privileges will benefit the learning environment.

Students and parents/guardians participating in BYLD must adhere to all Board policies and the *CCSD Internet Acceptable Use Policy*.

CCSD is excited about the new learning opportunities available through BYLD. It is our intention that students and teachers will collaborate in rich, engaging learning experiences using technology. In order to be a responsible electronic citizen in the CCSD, students are expected to follow these guidelines.

- Students may use these devices in the classroom when the teacher determines it is appropriate for educational purposes. Students must learn when to use and not to use technology, including headphones. If they are not sure, students must ask for clarification.
- All devices must remain silent or be put away unless being used within a lesson during class time. Personal technology cannot be used during campus, district or state testing.
- Devices must have the ability to enhance the educational process and must be able to access the Internet.
- Students are responsible for making sure devices are fully charged prior to use in class.
- Technical support for personal devices will not be provided by teacher, staff or CCSD Technology Staff.
- Personal devices will not be allowed to connect to the CCSD network; they will only access the BYLD network.
- Students must comply with acceptable use terms for accessing the Internet while on school campus.
- Students are responsible for the security of their personal devices.
- The device may not be used to cheat on assignments or tests or for non-instructional purposes during instructional time.
- Personal technology with photographic or video capabilities may only be used with explicit permission from the classroom teacher or principal.
- The device may not be used to record, transmit or post photographic images or video of a person, or persons on campus during school activities and/or hours unless assigned by the teacher as allowed by the CCSD Internet Acceptable Use Policy.
- The device may only be used to access files or Internet sites which are relevant to the classroom curriculum.
- Non-instructional games are not permitted.
- Students must comply with teachers’ request to turn off the device.

- Students are responsible for ensuring that any computers or computing devices, diskettes, CDs, memory sticks, USB flash drives, or other forms of storage media that they bring in from outside the school are virus free and do not contain any unauthorized or inappropriate files.
- Students are NOT permitted to use their own computing devices to access the Internet via personal Wi-Fi accounts, “hot spots” or by any manner other than connecting through the wireless connection provided by the school system.
- Students may not use devices during non-instructional times, such as passing periods, lunch and before/after school without express permission from the school’s administration.
- All devices should be clearly labeled with student’s full name. Password protection is recommended. Parents and students should discuss insurance, data plans and fees, as these are not the responsibility of CCSO faculty.
- Students are responsible for personal property brought to school and should keep personal items with themselves or in a locked space. Lost and found devices must be immediately reported and/or turned over to a teacher or administrator.
- Students take full responsibility for personal digital devices at all times. The school is not responsible for the security of the device.

INAPPROPRIATE USE

Inappropriate use will generally fall into two categories; procedural and malicious. Procedural issues will be routinely handled within the classroom and common areas of the school without formal intervention. Examples of procedural issues would include having a device out at the wrong time or forgetting to set a phone to silent. More serious and malicious use will be reported to the office. Examples of these types of issues would include:

- Using the personal technology for illegal purposes including, but not limited to, cyber bullying, gambling, pornography and computer hacking.
- Using photographic or video features in any restroom or locker room.
- Purposefully opening, viewing, using or deleting files on another person’s personal technology without permission.
- Electronically posting personal information about one’s self or others (i.e., addresses, phone numbers and pictures).
- Downloading or plagiarizing copyrighted information without permission from the copyright holder.
- Intentionally introducing a virus or other malicious programs onto another person’s personal technology device.
- Electronically posting messages or accessing materials that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation or illegal.

SPECIAL NOTE: CYBERBULLYING

Cyberbullying is defined as the use of any Internet-connected device for the purpose of bullying, harassing, or intimidating another student. This includes, but may not be limited to:

- Sending abusive text messages to cell phones, computers, or Internet-connected game consoles.
- Posting abusive comments on someone’s blog or social networking site (e.g., Facebook, Twitter, Snapchat, Instagram).
- Creating a social networking site or Web page that masquerades as the victim’s personal site and using it to embarrass him or her.
- Making it appear that the victim is posting malicious comments about friends to isolate him or her from friends.
- Posting the victim’s personally identifiable information on a site to put them at greater risk of contact by predators.
- Sending abusive comments while playing interactive games.
- Taking videos or photos of anyone while on campus or at a school function—often using a cell phone camera—and posting them online, sometimes manipulating them to embarrass the target.
