

Giving Tree Program

We are proud to announce that the Arnold Mill Elementary School counselors will present the Giving Tree Program. This is a very special community outreach project. Our children and parents take part in this touching event to help less fortunate children in our community to experience the love and support from our Arnold Mill families. Our students learn important character traits such as kindness, generosity, compassion, and service by participating in this "real-life" event. We feel it is important to teach our children by more than just "talking"... we try to "show" them as well.

Each homeroom will sponsor one boy and one girl in a given age group. Last year, we were able to help over 80 children in Cherokee County! It is that generous example we hope to show our students through this program, and in turn our children experience the gift of giving! This year we are pleased to partner with MUST Ministries for our Giving Tree sponsorship.

Thank you to all of the wonderful parents, teachers, and children who help to make each and every Giving Tree program a huge success!
