Identified Health Need:

Diabetes Food Allergy Other _____

Appropriate Action Plan Completed

Cherokee County School District attempts to provide nutrition and ingredient information regarding its menus that is as complete and accurate as possible. Some menu items may not be available at all schools; test products, test formulations or site-specific items may not be included. While the ingredient information is based on standard product formulations, variations may occur depending on the local supplier, the region of the country and the season of the year. Further, product formulations change periodically. Serving sizes may vary from quantity upon which the analysis was conducted.

If you wish additional information or have special sensitivities or dietary concerns regarding specific ingredients in menu items, please contact the Office of School Nutrition at 770-479-4268. Nutrition and ingredient information is continuously updated in an attempt to reflect the current status of our menus and may vary from printed materials.

I have read and understand the above disclaimer pertaining to nutrition and ingredient information.
