AUTHORIZATION

I certify that the medical history on this form is complete and accurate. I understand that this will serve as the basis for determining that my child may compete in middle/high school athletics within the Cherokee County Schools. I also understand this medical evaluation is only to determine fitness for athletics and is not to take place of regular medical examinations. In case of an emergency or accident on school grounds or during any school activity involving my child, which in the opinion of school authorities present requires immediate medical or surgical attention, I hereby grant permission to said school authorities to obtain the services of a physician or to transport my child to the hospital if it is deemed necessary by school authorities. I hereby grant permission, also, to said physician to treat said condition unless I am present and request otherwise or until I request otherwise.

I also hereby grant permission for qualified athletic trainers retained by the Cherokee County School District to render any preventative medical treatment, first aid, emergency medical care, or rehabilitative medical treatment deemed reasonably necessary to protect the health and well-being of the above named student.

I understand that the terms hereof apply to any injury, illness or other medical problem or emergency that arises as a result of or in connection with any aspect of athletic participation for Cherokee County Schools, including tryouts, practice, conditioning, meetings, games, and travel. I also understand that reasonable efforts will be made to contact parents or legal guardians before any serious or involved medical treatment.

I understand that per The Georgia High School Association a **Pre-participation Physical Evaluation** must be performed by a physician to medically screen each student who participates in the athletic programs of the Cherokee County School District. I further understand that a basic medical screening (the required physical exam) is general in nature and limited in its scope and does not indicate or assure me that my child is completely free from impairments. If I wish for a more detailed physical exam to be performed upon my child/ward then it is my responsibility to arrange and pay for such an exam. If this more detailed exam is performed, it is my responsibility to notify the Cherokee County School District and its appropriate employees, of any potential medical problems uncovered by any physical exam given to my child/ward other than the general physical required by the school system for athletic participation. I agree to fully waive any and all claims of whatever nature, fully and finally, now and forever, for my child/ward, for myself, my estate, my heirs, my administrators, my executors, my assignees, my agents, my successors, and for all members of my family, and to indemnify, release, defend, exonerate, discharge and hold harmless the Cherokee County School District, their schools, their trustees, officers, Board members, Board of Education, employees, agents, coaches, athletic trainers, physicians, and any other practitioner of the healing arts (an "Indemnified Party") from any and all liability, personal or property damages, claims, causes of action or demands brought against the Cherokee County School District or indemnified party arising out of any injuries to my child/ward or to his or her property or losses of any kind which may result from or in connection with his or her participation in any activity related to the athletic programs provided by the Cherokee County School District. **My signature below attests that I have read, understand and concur with the information on this form, and that I give consent for my child to participate in the athletic programs as stated above.**

STUDENT TRANSPORTATION RELEASE AND CONSENT FORM

While the Cherokee County School District provides transportation through the utilization of the District bus fleet for many extracurricular events, in some cases school sponsored transportation is not available. In those instances, it is necessary for the parent/guardian to make arrangements for transportation. The Cherokee County School District strongly discourages students from riding with other students to and from extracurricular events.

I, _____, parent or guardian of _____ (student) hereby give my permission for my student to provide his/her own transportation to/from extracurricular events, and I, parent/guardian of the student listed above, hereby give my permission for my student to ride with another parent.

CONSENT AND RELEASE

I hereby consent on behalf of the student named above to participate in school-sponsored trips. I understand that transportation may or may not be provided by the Cherokee County School District. In the event transportation is not provided by the Cherokee County School District, transportation will be the student's and parent's/guardian's responsibility. If any emergency medical procedure or treatments are required by the student during the trip, I consent to the trip's supervisor taking, arranging for or consenting to the procedures or treatment in his or her discretion. I further release and waive and further agree to indemnify and hold harmless and reimburse the Cherokee County School District, the Board of Education, its successors and assigns, its members, agents, employees, and representatives thereof, as well as the trip supervisor from and against any claim which I, any other person, firm, corporation, or entity may have or claim to have, known or unknown, directly or indirectly, from any losses, damages or injuries arising out of, during, or in connection with the student's participation in the activity, any trip associated with the activity, or the rendering or emergency medical procedures or treatment, if any.

STUDENT ATHLETE CONCUSSION DIAGNOSIS AND MANAGEMENT PROGRAM

I have read the information concerning usage of the Immediate Post-Concussion Assessment and Cognitive Testing (ImPACT™) and understand its contents. I have been given an opportunity to ask questions and all have been answered to my satisfaction. I understand that participation in the ImPACT™ concussion baseline testing is highly recommended but not required for athletes in Cherokee County schools. I also understand that the ImPACT™ testing is merely a tool to assist Medical Professionals in the diagnosis and subsequent treatment of potentially serious injuries, the ImPACT™ testing IS NOT a substitute for treatment by a medical professional. **I acknowledge that if my child is suspected of receiving a concussion causing injury, my child WILL NOT be allowed to participate in athletics until cleared by a medical doctor.**

Please INITIAL one of the choices below, sign and date:

_____ YES, I give permission for my child, _____, to participate in baseline testing with the ImPACT™ program.

_____ NO, I do not give permission for my child, _____, to participate in baseline testing.

DANGERS OF CONCUSSION

Concussions at all levels of sports have received a great deal of attention and a state law has been passed to address this issue. Adolescent athletes are particularly vulnerable to the effects of concussion. Once considered little more than a minor “ding” to the head, it is now understood that a concussion has the potential to result in death, or changes in brain function (either short-term or long-term). A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. Continued participation in any sport following a concussion can lead to worsening concussion symptoms, as well as increased risk for further injury to the brain, and even death.

Player and parental education in this area is crucial – that is the reason for this document. Refer to it regularly. This form must be signed by a parent or guardian of each student who wishes to participate in GHSA athletics. One copy needs to be returned to the school, and one retained at home.

COMMON SIGNS AND SYMPTOMS OF CONCUSSION

- Headache, dizziness, poor balance, moves clumsily, reduced energy level/tiredness
- Nausea or vomiting
- Blurred vision, sensitivity to light and sounds
- Fogginess of memory, difficulty concentrating, slowed thought processes, confused about surroundings or game assignments
- Unexplained changes in behavior and personality
- Loss of consciousness (NOTE: This does not occur in all concussion episodes.)

BY-LAW 2.68: GHSA CONCUSSION POLICY: In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.

a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.

b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

By signing this concussion form, I give _____ High School permission to transfer this concussion form to the other sports that my child may play. I am aware of the dangers of concussion and this signed concussion form will represent myself and my child during the 2017-2018 school year. This form will be stored with the athletic physical form and other accompanying forms required by the _____ School System.

CHEROKEE COUNTY SCHOOL DISTRICT
APPENDIX K: STUDENT ACTIVITY CODE OF CONDUCT

I. Introduction

The Cherokee County School District has determined that participation in interscholastic/extracurricular activities is a privilege for students enrolled in the School District. A student participating in such activities is considered to be a school leader; and, with leadership comes additional responsibility, so students must adhere to the standards and expectations contained in the School District's Activity Code of Conduct. As such, if a student violates these standards, schools may withdraw the privilege of participating in these activities, regardless of whether the violation occurred at a school-related or non-school-related activity. Schools may also withdraw the privilege of participating in these activities if the student violations occur outside of the scope of the activity's "season"; or, beyond the scope of the school day/year.

II. Student Infractions and Standards of Behavior

Student Infractions: Any student who commits the following infractions may be suspended or permanently dismissed from the team:

1. Hazing other students—school clubs and student organizations will not use hazing or degradation of individual dignity;
2. Missing practice, rehearsal or activities (unless excused by the coach or sponsor);
3. Truancy and/or skipping classes;
4. Activity in an unsportsmanlike manner when representing the school;
5. Violating team curfews (as established by the coach or sponsor);
6. Any behavior which results in discipline by the school administration; and,
7. Any behavior which, in the opinion of the administration, reflects in a negative manner on the team, activity, athletic program or school.

Standards and Expectations for Behavior: Students participating in interscholastic/extracurricular activities must comply with the following standards and expectations for behavior:

1. Establishing and promoting a positive self-image for the program, school and School District.
2. Exhibiting good sportsmanship.
3. Supporting team/activity rules developed by the activity's coaches or sponsors.
4. Adhering to the School District's Student Discipline Code.
5. Observing all standards and guidelines established by the Georgia High School Association (GHSA) Constitution and by-laws.
6. Obeying local, State and Federal laws governing behavior and conduct.*

Note: Provisions for dealing with starred () items above are contained in Section V of this document.*

III. Dispositions for Student Infractions and Standards of Behavior

Dispositions for student infractions and violations of standards and expectations of behavior include, but are not limited to, the following:

- Additional practice or conditioning time
- Conferencing between sponsor/parent or sponsor/student athlete
- Loss of position or awards privileges
- Suspension and/or removal from team

IV. Suspensions for Student Infractions and Standards of Behavior

Applying Suspensions: Relative to suspensions, progressive discipline processes will be utilized in order to create the expectation that the degree of discipline will be in proportion to the severity of the behavior, as well as consideration given to each student's previous discipline history and other relative factors.

- 1st Offense: Amount of suspension will be at the discretion of the Principal
- 2nd Offense: Suspension will be a minimum of twice the suspension for the first offense
- 3rd Offense: Permanent suspension

Reporting Suspensions: Parent/guardian will be notified of the student’s suspension. A suspension report will be filed with the Office of Student Activities and Athletics.

Transferring of Suspended Student Athletes: Students suspended from activities will not regain eligibility by transferring to another school within the School District.

V. Dealing with Student Arrests

Reporting of Misdemeanor or Felony Arrests: A student (or his/her parent/guardian) is responsible for informing a school official, which may include the Principal, Athletic Director or his/her Head Coach or sponsor, of misconduct which results in a misdemeanor or felony arrest. This report must occur within five calendar days of the arrest or the student faces disciplinary action up to, and including, partial or permanent suspension.

Confirming Student Arrests: Student arrests that are verified through a reliable source (school administrator, teacher, coach/sponsor, staff member, parent of involved student, School District Police Department, etc.) will be appropriately investigated by the school administration or designee.

Investigations arising from student arrests will be reviewed by a panel comprised of staff from the offending student’s school, to include, but not be limited to the following: a school administrator, the school’s athletic director, the coach/sponsor of the student, one additional coach/sponsor (as selected by the Principal), and one teacher (as selected by the Principal). It will be the role of this panel to review all information available as a result of the investigation and recommend potential dispositions for any confirmed infraction to the Principal for his/her consideration—it will ultimately be the responsibility of the Principal to administer discipline. The student may present a written response to the alleged infractions being presented to the panel, but the student will not be present at the panel hearing. The student’s parent/guardian will be notified in writing of the panel’s decisions.

The school reserves the right to suspend and/or permanently dismiss a student from all extracurricular/interscholastic programs for the remainder of their school career for misconduct, which could result in the arrest or conviction of select misdemeanor or felony crimes.

Addressing Felony Arrests and/or Convictions: Felony arrests constitute an immediate suspension from activities. Relative to that arrest, any subsequent felony conviction of a student may result in a permanent dismissal from activities.

Addressing Misdemeanor Arrests and/or Convictions: Misdemeanor arrests and/or convictions that will cause suspensions from activities may include, but are not limited to, the following areas:

- Disruption of school or school events
- Threats of violence or acts of violence against school employees or students
- Sexual Offenses
- Weapons Offenses
- Alcohol or Drug Offenses

VI. Duration of Code of Conduct

The Student Activity Code of Conduct will be in effect year round.
